

Ki Hoon Kim's surprise visit to the Las Vegas Family Church Education Center

Ken Doo
June 2, 2017

On Friday, June 3rd, we got a surprise visit from our Continental Director Bishop Kim. Several brothers and sisters welcomed him and gave reports of the wonderful response we have received from the Latino community since the center was opened several weeks ago. He was happy to know that several of our English students are now interested in studying the Divine Principle in detail. Bishop Kim prayed for the success of the activities and gave a generous monetary contribution for the improvement of the Education Center. Later, we walked to a nearby Mexican restaurant and enjoyed a delicious lunch together. Thank you Bishop Kim for your encouragement and support.

Couple of weeks ago we opened several English classes at the New Education Center on Eastern and Bonanza in Las Vegas. A total of 45 people are now attending 4 classes: three in the afternoon and one in the morning. The classes are a 10-week course, beginning from level 1 to level 4. The teachers, all volunteers of our movement, made a very good impression on the students for their kindness and commitment to teaching the English language. At the end of each class, a 10 minutes Divine Principle presentation is given to the students. The majority of them listen attentively. Some of them have asked for ways to study the Principle more deeply. We take every opportunity to invite the students to participate in our activities of the weekend such as picnics, open mics, and seminars. This week we will open a GED class in Spanish. Let's continue our prayers and support to this initiative.
