On Sunday morning, November 4th, 2018, Las Vegas community members gathered together to celebrate Ahn-shi II pledge service at Cheon-wha Palace, True Parents' House.

On this occasion, brothers and sisters listened to the True Mother's Speech about the 2018 Hyojeong Offering Ceremony for the Inheritance of Heavenly Fortune (10.20.2018). This speech was especially gracious for our brothers and sisters because of the recent ancestor liberation and blessing ceremony on October 27 and 28 at IPEC.

After hearing True Mother's guidance, our family members had time to learn about the tradition of the Unification Church according to the tradition of Las Vegas church. On the day of this Ahn-shi II pledge, Rev. Ken Doo talked about and demonstrated the unification way of the full bow.
