

New Las Vegas Family Church Building Approved for Construction by the city

Ken Doo
May 22, 2019

Congratulations to the Las Vegas Community! On May 22nd, Las Vegas Family Church's new church building proposal was approved by the city!

The Board of Commissioners held a public meeting to examine the Las Vegas Family Church's request for new elevation, signage and lighting. After the architect, John Burke, presented the requests, there was a vote by the Board. Each of the seven Board members approved the requests! With this approval, the Board's decision is final and it allows the Las Vegas Community to start the construction design and building.

Thank you to everyone that made this victory possible through prayer and attending the hearings! This exciting achievement marks a new chapter for the Las Vegas Family Church!

If you would like to continue supporting, please consider donating to the Las Vegas Family New Church Fund. Thank you!
