

## Las Vegas Family Church Shine City Project - Las Vegas Rescue Mission

Ken Doo  
July 27, 2019

On July 27, 2019, Shine City Project made its way back to the Las Vegas Rescue Mission! A nonprofit Christian organization striving to provide help and hope, the Las Vegas Rescue Mission offers food, shelter, addiction recovery, and spiritual support to those in need everyday.

With service projects both in the morning and in the afternoon, Shine City Project was able to make an impact!

In the morning, our ten volunteers helped with tasks such as preparing cups with napkins and sporks, folding aprons, cleaning tables and countertops, sorting bread, pulling apart frozen meat, making salad, and preparing cookie dough! While in the afternoon, our three volunteers helped with dinner service by handing out napkin and spork-filled cups, delivering trays, offering hot sauce, and refilling water pitchers! It was a busy day, but we were able to get the job done!

Caring for those who are struggling in our community is challenging and takes a significant amount of time, energy, and resources. But when volunteers, organizations, and businesses come together to offer their help and support, love can more easily be shared with those who need it most!
