

WFWP Birmingham, UK: Craft Activities For Women Refugees In Partnership With Restore

Patricia Earle
November 5, 2024

Event to inspire and empower refugee women, helping them to find dignity and self-worth. To work in partnership with Restore.

On the 5th November, I organised a craft session for women refugees in partnership with Restore, a project of Birmingham Churches Together, at the Jericho Foundation in Balsall Heath.

We had a lovely time creating hand-made cards, and all the women loved it.

They were all so creative with their ideas. As well as making cards, we spoke and shared a lot together.

This will become an ongoing service programme for our Women and #39;s Federation.
