Dear

The Higher Purpose Forum is pleased to co-host a special program with HJI Graduate School of Peace and Public Leadership. We invite you to register for *Our Future with Artificial Intelligence: Bright Horizon or Dark Fate* to be held on Wednesday, March 12 at 7 PM ET via Zoom.

Self-driving cars, facial recognition, and ChatGPT - these are just a few examples of the rapidly advancing tide of artificial intelligence. Will AI unlock unimagined levels of human productivity and creativity, or will it reshape world in a way that leaves most of us far behind? Hear from an AI Maximalist, and AI Existentialist and a religious scholar, then join the conversation.

We hope to see you on March 12.

Sincerely,

James B. Edgerly

Director, [Higher Purpose Forum](#)
