Gaining Momentum into Fall 2021

Before Fall Semester officially got started, we invited all of our CARP chapter leaders to our Momentum leadership retreat. After not being able to gather or travel for over a year, CARP leaders came together for the first time in a long time in Texas from August 9 to 12 (following COVID guidelines).

This was the chance for all of our leaders to reconnect, be part of the national team, and set goals for the next semester.

"Going into [Momentum], my intentions were to inherit from other chapters to implement at CARP DMV, to solidify within myself that CARP is what God wants me to do, and to see the value and significance of CARP... This workshop helped me let go of [my] doubts that I had and determine to invest more this year." - Mitsuyoshi Oriksa, Montgomery College (part of CARP DMV)

[You can read all about it here!](#)

School started this past month for most of our chapters, and they are so ready to go! Club fairs (pictured *Montclair State University, Westminster College*) are happening all over the country where our students rep CARP and invite new students to join.

First CARP Talks are also happening! [Tribe Talk in CARP Las Vegas is back](#), and in person no less.

Stay tuned for all the amazing things our students will do this year!

Support CARP Activities in 2022

Our students can't do what they do without you! Your support, interest, and donations help our students thrive.

If you like what you see from our CARP chapters, consider donating for our End of Year Campaign for our 2022 Program budget.

Thank you!
