Dear CARP Leaders, Pastors, Tribal Messiahs, and Spiritual Parents,

Under Dr. Yong's leadership, our entire American movement is making a lot of effort to bring witnessing result. While CARP chapters have been able to teach the entire Divine Principle to many students, we want to help these young people gain their own conviction in True Parents and practice a life of faith as a part of our Unification movement.

National CARP is hosting a first-of-a-kind "**New Hope Workshop**" (NHW) this winter, a 7 day workshop from **January 2-8, 2023** with the vision to help young people gain deeper conviction in True Parents. Our target audience are single, young adults (18-30 years old) who have learned the entire contents of the Principle including the conclusion that Rev. and Mrs. Moon are the messiah. They may not have personal conviction in that idea but should be open to learning more about it, and should have a personal desire to grow spiritually. We want them to develop a deeper sense of conviction, calling, and commitment to support True Parents, as well as a sense of the providence and significance of our time in history. Our goal for this workshop is to have **40 new young members**. This workshop is not for everyone; we will be fairly selective about who we invite. To learn more about qualifications for participants, as well as other opportunities offered by CARP, please check: [carplife.org/nhwdetails](http://carplife.org/nhwdetails).

The workshop will be held in **Las Vegas, NV**, at *Cheon Hwa Gung*, True Parents' former residence which True Mother recently designated as the CheonBo Training Center Branch for North America, and where she sanctified the special *Cheon Shim Won* prayer hall. It will be held from January 2-8, with arrivals in the morning of the 2nd and departures in the afternoon and evening of the 8th. Accommodations will be very humble, with everyone sleeping on the floor in sleeping bags (bring your own). Participants should be prepared for that.

In this workshop, we will cover deeper **Divine Principle** content applied to their lives, as well as which helps to understand the mission of True Parents. We will also learn about **True Parents' life course**, and about the role that we can play in the providence today. The workshop fee is **\$120 per person**. We strongly encourage that for each participant, their spiritual parent or CARP leader attends with them.

We are very excited about this workshop. I believe it will be an important step in our efforts as an American movement. For CARP, this workshop is preparation for our goal to bring **120 new young 1st generation members to meet True Mother in Korea next summer**. I believe that she will be so inspired to see this kind of substantial witnessing result! And beyond that, it is part of our effort to revive this nation to fulfill its providential calling as the elder son nation. If you have someone that you believe would benefit from this, please let us know! And you can let them know about it and apply at: [carplife.org/nhw](http://carplife.org/nhw). If you have any questions, please reach out to me anytime.

# New Hope Workshop 2023

When we look at the world around us, sometimes things feel so hopeless. We need to find a New Hope! This winter, National CARP is hosting a first-of-a-kind “New Hope Workshop.” In this weeklong workshop, we will dive deeper into understanding the Divine Principle and the mission and life course of CARP’s founders, Rev. Sun Myung Moon and Dr. Hak Ja Han Moon. Through learning about their mission as the True Parents, we can find our own calling to contribute to peace, and to be the New Hope for the world!

## Is This for Me?

This workshop is for any [CARP Member](#) who has studied the entire contents of the Divine Principle and wants to know more. If you want to learn more about Rev. and Mrs. Moon’s calling from God and what that means for your life, and if you are interested in your own spiritual growth, then this workshop is for you!

## Location

New Hope 2023 will be held in **Las Vegas, NV**, at the *Cheon Hwa Gung* facility.

Cheon Hwa Gung served as Father and Mother Moon’s primary residence for more than 4 years from 2008-2012. In 2021, Mother Moon designated it as place for the training and spiritual growth of young people, and in 2022 she gave a special benediction and consecrated it as a holy place, with the name “CheonBo Training Center.”

## Dates and Itinerary

January 2-8, 2023

Please arrive in Las Vegas by 2pm PST on Monday, January 2nd. The program will start in the evening. The program will conclude by 2pm on the 8th. Please arrange your flight home no earlier than 4pm PST on Sunday, January 8th.

## Accommodations

Cheon Hwa Gung is not a hotel, and accommodations will be fairly humble. Everyone will sleep on the floor with sleeping bags (bring your own, as they will not be provided!), with all brothers and all sisters each sharing one large room. In general, our workshop will be nice and cozy.
