Lesson Outline:

I. Second Blessing Life:

1. The Original Plan for the Blessing is to be a place where we would be living the reality of the Second Blessing – As a couple perfectly resembling the “duality yet unity” of God and a place to participate in the creative power of God, they would experience oneness of love and heart with God on the greatest level. Since they would be able to be the ultimate/ fullest/ ideal/substantial object and reflection of God – The couple would become a place to experience the greatest love and joy - at our core we all seek to be a couple. What is the image of a perfectly fused couple? Think of an image of a couple where each can finish the sentences of the other, they function as one being where the man is the skin and the woman is the heart and backbone. This couple operates as one being, enlarges each other, uplifts each other and give each other the qualities that completes the other. Behind every great man is a great woman and vice versa! Look at the images projected in great poetry – these great writers are enthralled with the image of the ideal couple.
2. As the couple becomes a family, it then becomes the school of love, where children learn to love, bond with God and grow to Perfection
3. The base from which we help God in the realization and maintenance of the extended Second Blessing - Clan, Tribe, Nation, World and Cosmos – The Kingdom of God.

II. Restoration and Growth:

1. The responsibility of the Messiah is to indemnify and cut the root of sin – through the First Generation Blessing. The “separation from sin” part of Rebirth is a spectrum and a progression – it is the responsibility of each new lineage to further this process and through many generations we will completely purify and eliminate personal, hereditary and collective sin. This takes time and takes work

(monkey on my back, ball and chain, fishhook image), the culture and environment definitely is part of the mix.

2. We are Blessed prior to being Perfect

- a. Love isn't about finding the right person but about being the right person
- b. You have to work at perfecting the relationship – You have to Grow the Love (infatuation vs True Love) and Build the Joy (Blessing is a Process and Opportunity, not a present).

III. Show one section of Bonus Feature Disk from Mark Gungor, 4 tape set, on building relationships.

IV. Candy Quiz

Conclude the Presentation with a time for some discussion and feedback/status gathering with the participants.
