Lesson Outline:

I. Lets Focus on how to build a relationship. This is hard WORK! It’s a combination of growing yourself to perfection and taking responsibility for your spouse’s spiritual life. You have to think like a couple – you have to live for the sake of the couple and nurture it and value it. Also, it happens in the midst of life not out of life. Also, you must pioneer how to bring the G-element (GOD) into the process. Remember, we are concerned with True Love, not infatuation.

II. Show DVD on relationships and couple consciousness.

Conclude the Presentation with a time for some discussion and feedback/status gathering with the participants.
