

## Registration for ESGD Summer 2018

Dear brothers and sisters!

Registrations for the ESGD Activities in the summer 2018 are open now. The variety of our activities gets bigger this summer as we organise the **9-day Divine Principle workshop** again (education will include some Matching and Blessing guidance relevant for the age group). We also introduce a new workshop named **“Mobilise”** (based on the previously successful format of the 21-day Mobilisation) and include the **Football workshop** among Summer Activities.

In this letter, we would like to inform you about details on registration process, provide overview of all workshops and introduce our Summer motto. ESGD Summer Motto for 2018 is

### Inner-Vision:

#### Going Deeper – growing our invisible treasures

*“It is only with the heart that one can see rightly; what is essential is invisible to the eye.” Antoine de Saint-Exupéry*

Too many of us, too often, base our value on external things that we can see and compare. Too many of us, too often, do not go deep enough to understand the true values in our life. This summer's motto is about choosing to go deeper, to search inside our hearts and discover our true, invisible treasures. We want to dive deep into God's pure waters, so that we can rise above the shallow culture which surrounds us. Through looking inwardly, we want to develop a courageous vision for our lives; an 'inner-vision', rooted in the right priorities and a brighter view of ourselves, our relationships, and what we can uniquely offer to the world.

This summer's motto is a call for all of us to take greater responsibility for our spiritual growth. We want to gain the confidence, the tools and the perspectives that can transform us into people who live and love courageously. By going deeper into the Hopes that God, True Parents, and our Parents have for us, we want to gain a truer perspective of our value and responsibility as Blessed Children. And in connecting our Hearts to something greater, our personal vision and God's vision for our lives can grow closer together.

Through all the diverse activities, we will seek our 'Inner-Vision' by studying the Principle, True Parents' life and teachings, and the experiences of other Blessed Children on the path we share. We want to create an environment where we can learn in a relatable and fresh way through a range of voices and activities. It will be a precious time to invest in genuine friendships as brothers and sisters, to connect as younger siblings to elder siblings, and for elders to serve and grow together. We warmly welcome you to get involved this Summer 2018!

*“The conscience is God's agent within the human mind. It is not self-centered but exists for the sake of God's righteousness. It constantly seeks the direction of goodness.” True Father*
