## Building bio-toilets at Destiny School

At **IRFF UK**, we're dedicated to making a real difference in communities where help is most needed. Right now, **Destiny Junior School** in Kibiri, Uganda, urgently needs your support to build **biodigester toilets** for its young students. This project is critical to improving the health and sanitation of 109 infants aged 3 to 6.

### Outdated and unsafe pit latrine

For over 12 years, Destiny Junior School's infants have been using an old pit latrine that was never designed to serve this many children. Originally built for a small family, it has been filled and emptied several times. Now, **local health inspectors have declared it unsafe** to continue using.

- **Shared by 109 children:** 60 boys and 49 girls in the infant class alone.
- **Health hazards:** Increased risk of diseases like dysentery.
- **Distance challenge:** Children struggle to reach other toilets in time, often soiling their uniforms before they get there.

## A sustainable biodigester toilet

We are committed to transforming this situation by installing a **biodigester toilet system**. This eco-friendly solution breaks down waste safely and turns it into biogas that can be used for cooking or heating. The system will provide:

- **Hygienic and accessible facilities** for infants, teachers, and persons with disabilities.
- **Long-term benefits** with easy maintenance.
- **Improved health conditions** by preventing the spread of dangerous diseases.

## The health of the children is at stake

The headteacher at Destiny Junior School has made a passionate plea:

*“The health of our children is critical, and the current facilities are not fit for purpose. These children need our help to ensure a safer, healthier environment.”*

With your help, we can act before the situation worsens and provide these young children with the sanitary facilities they deserve.

## **How you can help: Donate today!**

This project cannot succeed without **your generous donations**. By contributing to the construction of the biodigester toilets, you will:

- **Directly impact** the health and well-being of 109 children.
- Ensure **long-lasting, sustainable facilities** for the school.
- Help prevent future health crises in the Kibiri community.

## Every donation makes a difference

Whether large or small, your donation will have a lasting impact. Together, we can ensure these children have a safe and clean place to go, improving their overall quality of life.

## Act now: Your support is urgently needed

We aim to have these toilets completed before the school breaks for the long third term Christmas holiday. But we need your support now to make it happen.

---

**Donate now** and be part of this life-changing project. Help us provide safe, sustainable toilets for Destiny Junior School. **Your generosity** today can build a healthier tomorrow for these children.

# Help us build biodigester toilets for Destiny Junior School

At **IRFF UK**, we're dedicated to making a real difference in communities where help is needed the most. Right now, **Destiny Junior School** in Kibiri, Uganda, urgently needs your support to build **biodigester toilets** for their young students. This project is critical to improving health and sanitation for 109 infants aged 3 to 6 years old.

## The problem: An outdated and unsafe pit latrine

For over 12 years, Destiny Junior School's infants have been using an old pit latrine that was never designed to serve this many children. Originally built for a small family, it has been filled and emptied several times. Now, **local health inspectors have declared it unsafe** to continue using.

- **Shared by 109 children:** 60 boys and 49 girls in the infant class alone.
- **Health hazards:** Increased risk of diseases like dysentery.
- **Distance challenge:** Children struggle to reach other toilets in time, often soiling their uniforms before they get there.

## The solution: A sustainable biodigester toilet

We are committed to transforming this situation by installing a **biodigester toilet system**. This eco-friendly solution breaks down waste safely and turns it into biogas that can be used for cooking or heating.

The system will provide:

- **Hygienic and accessible facilities** for infants, teachers, and persons with disabilities.
- **Long-term benefits** with easy maintenance.
- **Improved health conditions** by preventing the spread of dangerous diseases.

## Why it matters: The health of the children is at stake

The headteacher at Destiny Junior School has made a passionate plea:

*"The health of our children is critical, and the current facilities are not fit for purpose. These children need our help to ensure a safer, healthier environment."*

With your help, we can act before the situation worsens and provide these young children with the sanitary facilities they deserve.

## How you can help: Donate today!

This project cannot succeed without **your generous donations**. By contributing to the construction of the biogas toilets, you will:

- **Directly impact** the health and well-being of 109 children.
- Ensure **long-lasting, sustainable facilities** for the school.
- Help prevent future health crises in the Kibiri community.

## Supporting African Communities from the UK UK Based Charity for Africa

Our Charity Is Focused on  
Period Poverty & Education  
Support In Africa

IRFF UK is a UK-based charity for Africa operating projects across Africa with a **dual focus on education and addressing period poverty**. We are breaking the cycle of poverty by ensuring access to education for all and **preventing female dropouts through the provision of menstruation products and education**. Through this communities and youth are empowered and Africans are given the best chance for a brighter future.

### Menstruation Should Not Be An Obstacle In Life

As a charity for Africa, IRFF UK holds a strong promise to help underprivileged African girls facing challenges, especially period poverty, which makes it hard for them to go to school. We are dedicated to breaking down these barriers by making sure these girls have what they need for their periods. By doing this, we empower these young minds, giving them the chance to stay in school, learn, and break free from the cycle of poverty.

## area have thrived ever since!

IRFF UK built **Destiny Junior School** in Kampala, Uganda in 2009, and has gone on to see more than 500 students graduates go into further education which otherwise wouldn't have happened. £115,000 has been invested in total, starting from £330 a month and now at £1,150 with 206 students in total

### Why Choose IRFF UK?

## What makes our charity for Africa unique?

What sets IRFF UK apart is our commitment to more than just being intermediaries in fund transfers.

We prioritise a comprehensive approach centred on education and empowerment to uplift individuals from poverty.

Our unique focus is on equipping people with the skills necessary for self-sustainability, fostering independence rather than dependence on Western donations.

We believe in creating lasting change by empowering individuals to build a better future for themselves and their communities.

## What Our Donors Are Saying

Your efforts in the areas of

The Women's Federation for World

I have been happy to supp

education, health and sustainability are vital in certain countries and truly appreciated. My family will continue to sponsor a child at Destiny Junior School in Uganda, and will endeavour to support other causes that IRFF UK informs us about.

**Marshall de Souza**  
Destiny School Sponsor

Peace, South London, has been supporting Destiny Junior School through IRFF-UK for more than 12 years. Our ladies sincerely had been helping to provide a better place for the children of Destiny Junior School in Uganda. We believe Education and health are the most important things for the life of the child.

**Dolores Read**  
Destiny School Sponsor

projects that IRFF is running in Uganda. In particular, I have donated funds towards the building of a perimeter wall and a kitchen at Destiny School. I really appreciate the good work IRFF has been doing over the years to help people/children in Africa.

**Joyce Suda**  
Destiny School Donor
