

Colorado Family Church: Announcing Project Eden ages 12 - 24 and Il Shim ages 12-18

Michael and Adonia Hentrich
February 16, 2025

Dear family,

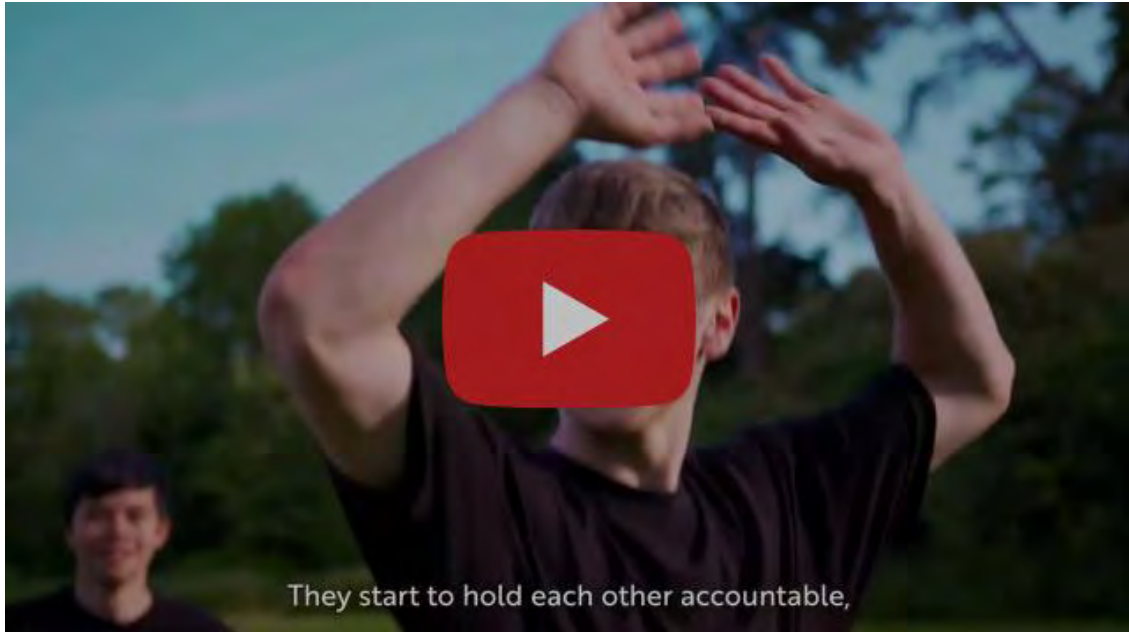

We are excited to share two upcoming initiatives for our youth and young adults: Il Shim & Project Eden. Il Shim is a rite of passage and coming of age for our youth as they grow into adulthood, helping them to inherit and own this faith as their own, build a tribe and sense of belonging to the community, and to help give them the tools to deal with the teen challenges. Il Shim is for our youth from 12-18.

Project Eden is a spin-off of the Brothers in Arms that is specific to the USA. Brothers in Arms (BIA) is an inspired group of young men from the UK who are passionate about making opportunities for young men to bond and develop Godly masculine character. This year, they are piloting Project Eden, which includes a similar aspect for women. [You can find out more about Brothers in Arms at their website and also in the video below.](#) Project Eden will be happening in our community on the weekend of Friday, February 28 to Sunday, March 2. More details will be at the bottom of this email. If you are interested to attend, please message Anisa Tanaka directly at momlfs@gmail.com. The cost of this experience will be covered by our youth ministry; there is just a \$13 cost for the shirt.

Il Shim will happen on weekends from February 28 to March 23. It will include the Project Eden experience. Below you can find the schedule for both Il Shim & Project Eden. There will be a \$95 cost for this which covers the food, ring box, cake, decorations, snacks. There will be a separate cost for the Il Shim ring and t-shirt. All the rest of the costs will be covered by our youth ministry. Il Shim will conclude with a banquet and graduation on Sunday, March 23 that will take place instead of our normal Sunday service.

The II Shim program organization takes a lot of effort and could really use parents help. If you are able and willing to support please sign up for volunteer opportunities [here](#).
