Dear art-enthusiasts and supporters,

Thank you for your interest in the Art Camp Croatia (ACC) project! 2017 marked the kick-off of the ACC and I'm very happy to be able to continue this project in 2018.

My name is Ji Suk Baek Tomas. I'm a professional painter living and working in Zagreb, Croatia. My husband, Anto Tomas, and I are national leaders of Croatia.

My goal is to create a platform for our second generation artists to connect with and learn from each other, create and develop heavenly art and culture, and share it with the greater community.

I'd like to pass on my knowledge and experience in *Developing an Art Theory based on the Principle, Strengthening morals and ethics in the art world, and Learning how to balance family, career, and mission life* to the second generation in hopes that they can learn from the experiences I've made over the years.

Therefore, my focus is to invest in the heavenly art education of our second generation for the first few years in order to raise our young artists to join me in this mission. I am very happy to have some of last year's participants as co-presenters for this year's camp and I hope that more participants will come back as ACC supporters over the years. In addition we are opening up the application process to friends of second generation members this year.

Almost all our lecturers are blessed members who professionally work in their respective creative industries. They will share their insight into how the Principle works in their lives.

We look forward to meeting you and enjoying each other's creativity—a great gift from Heaven. Please feel free to reach out with any questions.

Yours Sincerely,

Ji Suk Baek Tomas
