

WITNESSING SUMMIT 7

What's the same?

YOU are the heart of the summit. 1st gen, 2nd gen, whatever—we want to listen to your input. We'll guarantee a weekend of laughter and tears, music that's too loud, and a healing of the heart that will last you a lifetime.

What's different?

We've made efforts to turn your suggestions into reality. The foundation we've made together is incredibly valuable—now let's kick it up a notch. Without you there's no change—so come.
