*Peace Road Event in Salt Lake City Utah*

We are all weary of the conflict and anger and sadness and suffering going on in America and the world right now. Peace Road 2020 addresses this with love, inclusion, understanding, repentance and reconciliation.

We begin at Point Comfort near Jamestown, VA where the first black slaves were brought here in 1619 and Plymouth, Massachusetts where the Pilgrims landed in 1620 – the Black family and the White family 400 years ago – one in search of religious freedom, the other in chains. Black, White, Native American, Hispanic, Asian, brothers and sisters of all faith backgrounds will seek to understand our history, the good and the tragic of it. The goal is to seek God's wisdom and loving guidance, so that the current situation of pain and injustice can be addressed by all Americans as brothers and sisters.

Peace Starts With Me, a movement created by Dr. Hak Ja Han Moon, has successfully brought people of every race and faith together throughout America since 2017, in experiences of hope and love. We have a track-record of healing and tearful reconciliation.

This summer we are visiting the historic sites in America where suffering and injustice have occurred – the slave markets of South Carolina, the Trail of Tears and the Underground Railroad. We will bring people together to pray at Wounded Knee, Sand Creek, where Black Wall Street, an all-Black city that was burned to the ground in Tulsa, and many other sites where we will join hands, offer our repentance and determination that we will end this sad era and begin a new era, reconciling the human family in love and faith.

We will also visit those sites which honor individuals who overcame injustice and tragedy through love and sacrifice – Martin Luther King, Harriet Tubman, Frederick Douglass, Abraham Lincoln, Black Kettle, Chief Joseph, the Freedom Riders, Red Cross founder Clara Barton, the Tuskegee Airmen, war veterans and the many who gave all for this country.

We will visit sites that represent hope and promise of America – Philadelphia's Independence Hall, Richard Allen's Mother Bethel AME Church, and others.

Enough is enough. Let's end the violence and hate. Let's begin together, a new era of peace and hope.
