You and your family are cordially invited to the online global **Think Tank 2022 Rally of Hope**, streaming live at www.RallyOfHope.us this coming Saturday, September 11th at 8:30 p.m. EDT. I've been involved with the organization organizing these events and personally wanted to get this invitation to you.

This global virtual event happens to fall on September 11th in the USA, as it is live-streamed throughout the world across all time zones. As America remembers the painful moments of September 11th, 2001 in its 20th anniversary year, this unique program will propose real solutions to the root causes of war and violence, that can ultimately lead to true peace.

This *7th Rally of Hope* is bringing together world leaders and influencers to share core ideas about peace in a dynamic part of the world right now: Asia. Anyone who earnestly seeks peace in our time will not want to miss these experts. Indeed, the Biden administration recently announced that their focus for foreign policy will pivot to Asia in the coming months,

This online event will develop ideas around "Think Tank 2022," a global network of hundreds of experts from various sectors who are combining their wisdom, expertise, and concern in pursuit of a peaceful unification of Korea. Think Tank 2022 was initiated by UPF Co-Founder, Dr. Hak Ja Han Moon, who will deliver the Founder's Address.

Dr. Moon is uniquely qualified, as she was born in North Korea and fled to the South prior to the Korean War with her family. Many years later, she and her husband, the late Dr. Sun Myung Moon, who was also born in North Korea, went to North Korea to meet with North Korea Chairman, Kim Il Sung, whose regime had tortured Rev. Moon and imprisoned him in a death camp for nearly three years.

In her memoir, *"Mother Of Peace,"* Dr. Hak Ja Han Moon writes, *"[My husband and I] went to North Korea not to get something but to give genuine true love. For the sake of God, my husband and I forgave the unforgivable; for the sake of humanity, we loved the unlovable."*

This is your opportunity to connect with major influencers and be informed about new approaches that rise above the noise and friction of our current polarized environment.

- *I want to make a positive difference, but where do I start?*
- *I know one voice can have an impact, and I know my voice matters, but where can I connect with other change-makers?*
- *How can I reach trusted leaders of action who are already making a difference?*

If these thoughts resonate with you, join us for this free event and become part of a growing faith-based movement that **empowers** everyday citizens like YOU!

A prestigious international roster of Keynote Speakers—including one Nobel Laureate — are highlighted in the attached flyer and listed below.

7th Rally of Hope distinguished speakers include:
