

UPF USA: Middle East Peace Initiative Webinar - The Abraham Accords - Today!

Michael Jenkins
March 30, 2022

Cooperation in the Greater Middle East region, between Israel, Bahrain and the United Arab Emirates promised and delivered tangible economic and social exchanges. The Accords signified a historic turning point toward regional peace and prosperity. But that does not mean there was no room for opposition. Some predicted that the Accords would be rejected, sidelined or even reversed. Yet in the 18 months since the first agreement was signed in August 2020, much has changed, not least is the perception of the role of the Accords. Please join us as we assess where we stand today and what needs to be done to bring peace to this troubled land.

The Livestream will begin at 10 AM EDT: 16:00 CET.
