There is talk of formally ending the Korean War and removing U.S. troops. What are the implications of such? Can the U.S. regain its leadership in deterrence after our disastrous withdrawal from Afghanistan? China is dangerously outpacing the U.S. in military production. Is Washington paying attention? China, Russia, Iran and the DPRK are united, while we don't even know who's coming in through our southern border.

Join **Speaker Newt Gingrich** U.S. Speaker of the House of Representatives (1995-99), public affairs commentator and futurist, along with former six-party talks envoy **Amb. Joseph DeTrani** and Georgetown University security studies professor **Dr. Alexandre Mansourov** as they examine events that are advancing toward us very fast.

The Washington Brief goes live at at 2 PM ET today (livestream starts at 1:55 PM ET).
