Hello Family,

Monty Johnson, born 4/28/1943, ascended to the spirit world Friday morning, 6/27/2025. Margaret shared that he had a very peaceful transition. She held his hand and had the "Lord of the Rings" (his favorite book) playing in the background.

Monty is a great and generous spirit. He made many valuable contributions to our Sacramento community and to the Unification movement. In the early days of our movement I believe he helped with the Professors World Peace Academy, ICUS, and the United to Serve America campaign. In Sacramento he represented our church on the Interfaith Council of Greater Sacramento for many years. He helped many as a personal trainer at the YMCA and was a good friend to many.

Please include Monty's transition to the spirit world in your prayers and also his wife, Margaret, who certainly will miss him. Monty will be missed by many people.

Below is an interview Monty did while on the board of the Interfaith Council of Greater Sacramento in 2012.
