

## Reading Life through Principle Workshop: Life the Universe and Everything

Ruth Johnson  
August 5, 2016

This workshop will unpack the Principle, not only making it applicable to our life but also to understand and make sense of the worlds of nature, society and politics. There will be an extended study of Moses as a leader and problem solver, as well as opportunities for discussion, games, questions and answers, as well as an outing including a tour of Avebury – a world heritage site.

Some reflections from our first workshop in July:

“It’s hard to sum up the past week on the recent ‘Reading Life Through the Principle workshop. William Haines being the lecturer, I knew there would be fireworks. However, I didn’t realise those fireworks would light up the Principle in a way I have never seen before. I felt my understanding of the Principle was being peeled off the pages of the book and directly applied to situations in my own life, to relationships with my parents, to my brother, and my wife. This truly was one of my favourite workshops. It was relaxed, it was fun and it was deep. I will not forget it for a very long time. Thank you William and thank you all the lovely people who attended.”

I look forward to the next one in September.”

“The most meaningful moment for me on the workshop was the prayer night. The brothers sharing was very interesting and was very positive to reflect as well as having a network of guys to talk to where otherwise there might be no one. I experienced God in the lectures which were filled with wisdom and allowed me to think in new ways.”
