Completion of the 4th Korean Academy

The 4th Korean Spiritual Academy arrived in Las Vegas to support the 4th Spiritual 40-Day Workshop, starting on October 25, 2025. If you are unclear what a Spiritual Academy is, it is an extension of the Spiritual Workshops happening in Korean and here in the US where trainees have the option to continue learning and growing in Cheonbo Training Center or at Cheonshim Won. Trainees turned volunteers will continue their spiritual growth by praying in the Cheonshim Won and offering devotion, as well as support the organization with various responsibilities. The goal is that when they complete their intended volunteer time, they go into society with a stronger sense of self and relationship with Heavenly Parent and True Parents.

9 of these Korean Spiritual Academy came to America to support at the Spiritual workshop as well as go witnessing in the local community. Together with our 5 American Academy, they have been investing and supporting the best they can and created a Korean Culture Night to invite guests to the Cheonshim Won to learn about Korean, Peace Starts with Me, and Cheonshim Won.

38 new guests met by the the one month witnessing efforts came, as well as 40 community members. Adding the American / Korean Academy and the Cheonshim Won Staff, we had 100 total attend the Korean Culture Night.

Yuna Kwon, 19 years old Korean Spiritual Academy, gave a testimony at the Las Vegas Family Church yesterday.

Hello.

My name is Yuna Kwon, and I served as a member of the 4th Cheonshim Won Overseas Volunteer Group for Heavenly USA.

First of all, I would like to express my deepest gratitude to Heavenly Parent and True Parents for allowing me the opportunity to offer my final testimony here today. Time has passed, and we have reached the point where only one day remains before we leave for Korea. Today, I would like to share with everyone the grace and blessings I received while serving in Heavenly USA.

Looking back on the three months I served as a volunteer with the 4th Cheonshim Won Overseas Volunteer Group, what remains in my heart is a depth of gratitude and happiness I had never experienced before. There were times when I had to juggle responsibilities and tasks from the Korean headquarters, leaving me so exhausted that I would hit my body to stay awake while offering devotion. There were moments when I was so busy that I could not even find time to shower. There were also painful moments when I had to confront my fallen natures that I had long avoided.

Despite all of this, I felt a deep joy and gratitude rising from within my original mind, knowing that all of my energy was being fully invested for Heaven's will, and that every effort I offered here was reaching Heaven. As I came to feel this way, each day here became even more precious. Within this short time, I developed an earnest desire to offer tangible results to Heaven. I constantly asked myself, "How much am I helping Heaven right now?" and "What can I do for Heavenly USA?" It became a time of intense inner reflection.

Heaven helped me confront and resolve the fallen natures I had long neglected to overcome, and enabled me to break through the walls that had been blocking my growth. Through this process, the long-standing conflicts and struggles I had carried regarding my faith were naturally resolved.

During this journey, there were many moments in Cheonshim Won when I prayed with tears—praying to overcome my fallen nature so I could become one with my fellow Academy members, and asking that if there was anything holding me back from fulfilling Heaven's dream, I would be able to overcome it without fail.

Through those experiences, I gained a renewed conviction that even when I feel I have reached my limit, and even when an insurmountable mountain seems to stand before me, earnest prayer and devotion in Cheonshim Won can help me overcome anything. Through about one month of witnessing, I came to deeply feel the heart of God, our Heavenly Parent, who strives endlessly to restore each and every beloved child. At the same time, I realized how I myself—once spiritually asleep—had been brought to this place through countless callings and earnest devotion.

I grew up under a father who struggled with gambling, and I know how deeply gambling can wound an individual and a family. Each time I saw people leaving Fremont Street after

gambling, my heart ached. That pain only strengthened my desire to help those people find happiness.

With that heart, I offered additional prayers specifically for victory in witnessing. As a result, during the witnessing period, I was able to guide five people to the center. Through this, I once again felt that Heaven surely recognizes and responds to sincere devotion.

Even if not all five are able to connect all the way to Cheonshim Won, I believe that during the short time they spent at the center, they were able to feel a sense of peace. Just believing that alone fills my heart with gratitude. I came here hoping to contribute to Heavenly USA, but in truth, this has been a time when I received far more than I gave.

Any growth I was able to experience during this short period was made possible by the love and devotion of so many people: Director Ki-hoon Kim and Ryuichi san, who cared for us so thoughtfully and became strong pillars of support; Maggie, who served as our parent throughout these three months; the members who opened their hearts and wallets to raise missionary funds even before we arrived; the aunties who prepared delicious meals that gave us strength just by seeing them; the members who offered great support for our Korean dinner party and witnessing activities; the staff who ensured we could travel safely wherever we went; and all the members here who continuously pray for Heavens's Will.

I would also like to express my gratitude to my other Korean Academy members who shared the same goal and walked together with me for these three months. Thank you for embracing me with a parental heart despite my shortcomings, and for helping me grow.

Coming to Heavenly USA has clarified the direction of my life. I have formed an unshakable determination to live entirely for the Will of Heaven. I realized that living for this purpose is the greatest happiness.

Going forward, I hope to build an ideal family and bring greater joy to Heavenly Parent through my life and my family. Even after returning to Korea, I will firmly hold onto the determination I made here and live as a child who testifies to Heaven not through words, but through actions. This concludes my testimony.

Thank you.

What is Cheonshim Won? (from the Chambumo Ron)

On October 10, 2020, True Mother gave Jeongshim Won (情心苑, Garden of Heart and Emotion), the prayer hall at the training center, a new name, christening it **“Cheonshim Won” (天心苑, Garden of Heaven’s Heart)**. Establishing Cheonshim Won as a providential organization, she designated it as a place to nurture second- and third-generation spiritual leaders for Cheon Il Guk.

I have brought the third generation forward to establish the tradition of the providence. While I am on earth, I will create all environments to be free-flowing, like running water. I will plan and develop Cheonshim Won as a place to cultivate talented individuals as pure water who can communicate with the pure and clean heart of Heaven.

Cheonshim Won is the worldwide headquarters for Jeong Seong (devotions). It is the main sanctuary for Jeong Seong in Cheon Il Guk, the main headquarters for the spiritual

providence, and the center for developing the spirituality of Cheon Il Guk leaders and blessed families. **Cheonshim Won is a place where blessed families can resonate with the heart of Heaven.**

When we are on the same frequency as Heavenly Parent and True Parents' hearts, we experience resonance with them. **When we achieve resonance in unity with Heavenly Parent and True Parents, we can hear their voices.** Therefore, prayer is not a monologue but resonance with Heavenly Parent and True Parents' heart. ...
