5th Heavenly USA Hyo Jeong Cheonshim CheonBo Spiritual 40-Day Workshop Closing Ceremony - Wednesday 10:30 am PST

Last week was the last full week of this 5th Spiritual workshop. We continued to offer more prayers and devotion along with receiving Blessing education from Rev. Ota, Blessing testimonies from the local community, Chambumo Ron from Dr. Jinchul Kim, and Special Lecture from Rev. David Teo.

As we finish the last full week of the workshop and go into the last few days of reflection and determination, we find ourselves grateful for the opportunity and space to grow our hearts wider and deeper to experience Heavenly Parent and True Parents.

WCLC Testimony

Bishop Nancy Rosario

Senior Pastor, Church of God's Children

Vigil at the Cheon Shim Won on Friday was truly inspirational. Witnessing the large group of youth united in worship to God and honoring TP was a beautiful and powerful sight to behold. The messages delivered by the WCLC clergy were both informative and deeply moving, offering spiritual insight, encouragement, and a renewed call to unity, faith, and moral responsibility. As Dr. Hak Ja Han has often emphasized, "We are one family under God," and that spirit of one global family was tangibly present throughout the gathering. The atmosphere was filled with reverence, hope, and purpose, leaving all in attendance uplifted and strengthened in their commitment to peace, prayer, and God's providence.

Our most recent trip to Korea was an eye-opening and heart-wrenching experience, as we were confronted with the painful reality of TP being unjustly held in a detention center. Those detained are presumed innocent until proven guilty and are typically afforded the dignity of being with their families, yet this basic principle was not upheld. Witnessing this injustice moved the Archbishop and me to proclaim in New York a 21-day clarion call for the release of TP, for the freedom of many others imprisoned for their religious beliefs, and for the protection of Worldwide Religious Freedom. As Dr. Hak Ja Han teaches, we must live as "one family under God," and she has also urged people of faith to "transcend religion, race, and nationality to build a world of peace." Such freedom can only be achieved through unity among all people of faith and conscience. Let us set aside our religious differences and come together for humanity's sake, remembering that there is only ONE race — the Human Race.

Praise God, many Blessing to each and every one of us.

It is amazing when you've been to Korea so many times and you get so many different experiences, but at this particular moment in history, the experience was much different, more powerful. It felt like the atmosphere around us was changing to become more family orientated, with our Heavenly Father, and to be able to create one family.

It felt so different knowing that we went to visit a Woman of God, a Woman Who was chosen before even many of us were born. I'm 81 years old, but a lot of us are young. And how She was chosen to be able to lead. And something happened to me. Something changed inside of me, in my atmosphere. It felt like a new breath of life came into my life, thinking about Mother Han giving Her Life and Her Time to be able to pray, to be able to move the atmosphere for the whole human race.

Something happened that I kept quiet for the first couple of days and just prayed and meditated on it. And it just kept getting deeper and deeper into my soul that something had to be done to be able to recognize that prayer has power, prayer changes things, not through a religion, but through love.

I felt that overwhelming love that, the last day I was there I walked with Dr. Kim, Rev. Kim, and we had never had deep conversation, but I felt comfortable to let him know that there was something in me crying out for a Mother, A Mother that loves the world, that loves the universe, that doesn't look at one person because they're Korean or because they're Hispanic or because they're Black. It's because we're all God's children.

I felt that it was needed for us to come together as people of God, to be able to pray, to make changes happen, to be able to let Mother Moon's Heart be able to fill our hearts with the same Heart, that our heart may beat the same way, and that we may be able not to have fear to say, 'The Begotten Daughter of God, The Begotten Sister of God. We should never have fear because God did not give us the spirit of fear, but the spirit of love, the spirit of compassion, the spirit of understanding. And that worked in my heart.

And as I spoke to Dr. Kim, it just kept getting bigger and bigger in my soul. So that I needed to come back and say that we need to be able to start a movement of prayer for everyone, for every religious leader. Mother Moon became a catalyst at that particular moment for me, a catalyst that must be able to carry this forward, so that we could make the change that we need to be able to make for our children, our daughters, for our parents.

You see there is one commandment in the Scriptures to honor your father and your mother, and I think this is it. I think that we need to be able to honor Her, and to be able to respect and know that, in the world you will have tribulations, in the world you will have persecutions. But to confide in God, in Christ, that He will give us the victory and the peace that we need to be victorious over the powers of negativeness, of religious biases. And that we may be able to say, 'We live because God chose a Woman to be able to be a Blessing to each & every one of us.

So, my heart has just been transformed. And I've been 'reborn', if I could say that word (if it ain't too offensive to many people), to have a rebirth of understanding, a rebirth of love, a rebirth so that South Korea may become one that God is using Korea again and again and again to touch the human race, to touch everyone.

So, I pray for Holy Mother Han, and I pray for the leadership that God has put together through the years to be able to bring this message forward. So, I want to say, 'I thank God, and I thank our Lord Jesus the Christ and the Holy Spirit for helping us to come together as one family.

Many Blessings, & again thank you for the continuous experience of this love that You have put into my heart. Aju. Thank you.

What is Cheonshim Won?

(from the Chambumo Ron)

On October 10, 2020, True Mother gave Jeongshim Won (情心苑, Garden of Heart and Emotion), the prayer hall at the training center, a new name, christening it "**Cheonshim Won**" (天心苑, **Garden of Heaven's Heart**). Establishing Cheonshim Won as a providential organization, she designated it as a place to nurture second- and third-generation spiritual leaders for Cheon Il Guk.

I have brought the third generation forward to establish the tradition of the providence. While I am on earth, I will create all environments to be free-flowing, like running water. I will plan and develop Cheonshim Won as a place to cultivate talented individuals as pure water who can communicate with the pure and clean heart of Heaven.

Cheonshim Won is the worldwide headquarters for jeongseong (devotions). It is the main sanctuary for jeongseong in Cheon Il Guk, the main headquarters for the spiritual providence, and the center for developing the spirituality of Cheon Il Guk leaders and blessed families. **Cheonshim Won is a place where blessed families can resonate with the heart of Heaven.**

When we are on the same frequency as Heavenly Parent and True Parents' hearts, we experience resonance with them. **When we achieve resonance in unity with Heavenly Parent and True Parents, we can hear their voices.** Therefore, prayer is not a monologue but resonance with Heavenly Parent and True Parents' heart. ...
