Release The Mother of Peace!

Bruno Klotz and other members of FFWPU UK have been gathering twice a week in front of the Korean Embassy calling for the release of Dr. Hak Ja Han Moon, a globally recognized peace activist and spiritual leader.

I joined them on Day 60 of Mother Moon's detention. Her continued imprisonment, without trial or verdict, by the decision of a single special prosecutor raises serious concerns about the integrity of the South Korean judicial system. That one individual can keep an 83-year-old woman confined under such circumstances highlights deep flaws in due process and human rights protections.

Our community stands united in demanding justice and transparency. This is not just about one person; it is about safeguarding the principles of fairness and democracy.
