

REV. SUN MYUNG MOON IS THE MESSIAH, SAVIOUR AND LORD OF THE SECOND ADVENT

Two thousand years ago **Jesus Christ** came as the anointed one, the Saviour of all humankind, but he was rejected by those who were prepared by God to receive him.

2000 years later a man whose name is **Sun Myung Moon** has come as the Messiah, Saviour and Lord of The Second Advent. He was anointed by Jesus to complete his uncompleted mission, which is to establish the Kingdom of Heaven.

He was persecuted, ridiculed, imprisoned and tortured many times, based on misunderstanding, fear and ignorance. Rev Moon, however, with a forgiving and deeply loving heart, continues to devote himself daily towards fulfilling God's will, **which is to save all humanity from sin and spiritual death**. This man has inherited the love of God and is shedding his blood, sweat and tears every moment for our salvation.

In this age Rev Moon has brought a new revelation from God, that is vital to the understanding of Christians and all other people on earth. You are warmly invited to study this revelation and quench your personal thirst for truth.
