

True Father: Happiness overflows in the person who has love

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Parents and Heung Jin Nim:

Heung Jin Nim: "What I wish to see is not a spreading of spiritual phenomena, but a spreading of love." [1]

Only the spreading of true love will establish the Kingdom of God, the world of the heart. And we are the ones who are called to spread true love to the people around us, to the world. But we can only do this if we reach higher and higher levels of heart and love all the time, never allowing us to stagnate on this path:

True Father: "In order to save the world through a movement of true love, you yourselves must first of all become substantial beings of love." [2]

Heung Jin Nim: "We are called Unification, meaning one, yet we are very broken up. We do not

know love ourselves; how can we teach, how can we teach others to love? We must love, we must learn to love." [3]

It is certainly impossible to teach others to love, if we ourselves are not experts of true love. And then it is difficult to spread true love to the world.

Therefore Heung Jin Nim is telling us to learn to love. We must learn to love the way God does. To do this we need to break down all kinds of limitations of love in our heart:

True Father: "You must make daily efforts and struggle to overcome the limitations of your heart." [4]

Fallen people always want others to change, never looking into themselves, usually because of pride. We however need to constantly analyze, watch and evaluate our internal progress. We need to see us advancing in heart and love, seeing barriers of love tumbling down all the time.

In this process it is highly recommendable to ask True Father, Heung Jin Nim and Jesus to help us to transform our hearts to higher and higher levels of love. They can help us to learn to love in divine ways. They can help us to develop the heart of God in ourselves:

True Father: "When you live with the heart of God and the heart of parents, constructive and creative power is generated.....we can truly become dynamos to create a new world culture." [5]

We then can create the culture of heart and love, because of the explosive power in our hearts:

True Father: "In living a life of faith, do you have an explosive and stimulating power in the center of your heart which is moving unceasingly towards the world of God's will? When you have that heart then it is evident that God is with you.

On the other hand, if you don't have that power it is evident that God is separate from you. When your heart is pouring out love for humankind, and you have the mind to share your life limitlessly with mankind, it is clear that you belong to heaven." [6]

The more we share our heart and love with the people of the world, i.e. with people around us, the more our love grows:

True Father: "Heaven's true love is such that the more it is invested the more it grows. We must come to resemble God in this way. Even if our love is rejected, we should continue to love even more...." [7]

By becoming people who resemble God with regards to love, we become people of overflowing

happiness:

True Father: "Happiness overflows in the person who has love. That person can achieve success in every area of life. On the other hand, no matter how seemingly great your life, if you cannot become a victor in the arena of love, you will end up a loser." [8]

Our life will be highly successful if we manage to achieve the victory of love in more and more situations in daily life, no matter where we are and whom we meet. That will lead to our permanent happiness on earth and in the next world. And it will not be difficult to spread love to others:

True Mother: "Let us carry high the banner of Cheon Il Guk and cleanse the entire world of suffering, replacing it with the true love and truth of the Heavenly Parent and True Parents." [9]

As we spread divine love to the world, we become true sons and daughters of God, people by whom God wants to be governed:

True Father: "Since God is the true King, He wants to be governed by a person with true love, even if that person is of the lowest rank. There is nothing that true love cannot permeate." [10]

Sun Jin Nim: "So how can we become true sons and daughters? By cultivating our minds, hearts and bodies to manifest true love and gratitude and by offering our unique gifts to all humankind and creation." [11]

By offering our love to the world!

True Parents have walked such a path, and will walk that path forever, and that is the path we need to go as well:

True Father: "I have devoted my entire life to practicing God's love. I have walked that course in the position of a true son of God. You have to pass through the same course. If we can be completely successful on that course, there will be no problem that we cannot solve." [12]

Because with true love, loving even enemies, we can overcome every obstacle:

True Father: "My philosophy is very simple. If you have the attitude to love your enemy, then you can overcome any situation and there is no obstacle that can block you." [13]

True Father and True Mother have walked that course all their lives and will never stop doing so. But we have to inherit that heart and love, and we can do it. All the green light is given! No matter what level we are at, it is our first and foremost job to go forward in heart:

Heung Jin Nim: "It is your job to go forward, and this is not just an external responsibility; it is not just obedience to Father's latest project. It is going forward in your hearts...." [14]

The more we do that, the more we can spread true love to the world, and we will resemble God more and more!
