

**True Father: When your standard of heart is the same as God's, all problems will be solved!**

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

Heung Jin Nim: "I plead with you. Love one another, love one another. Take the love that I give you, take the love that I give you and grow, grow and blossom, grow and bear good fruit. And take that fruit and feed your brothers and sisters" [1].

Heung Jin Nim wants us to become people who bear good fruit. To become people of good fruit means to become people of deep love, perfect love:

Heung Jin Nim: " Please, become people of deep love, the love of Jesus, the love of True Parents." [2]

To become such people, is our first and most important goal in life!

True Father: "Living in the image of God means having God's words becoming your words and God's love become your love. That is your first goal." [3]

This is the fulfillment of the first blessing! If we fulfill this we can embrace all mankind:

True Mother: "I pray that FFWPU members and all Blessed Families come to possess an explosive love which can embrace and love the entire world." [5.3.2015]

It is certainly not enough to love only brothers and sisters within our movement. We need to be able to love and embrace everyone.

But of course, if we do not practice this within our movement, then we will most likely have problems do embrace other people. And if we do not love all children of God with the love of God, then we cannot claim to love God, because loving God does not just mean to love God, but all His children, whoever comes across our way:

True Father: "Heavenly Father personally told me so many times, "Go out, relieve their suffering. My

comfort cannot be found in your attendance to me. If you really love me, do your love not unto me."

That shows clearly that it is much more important for God that we embrace mankind instead of worshiping and praising Him. God is not interested in such a "love" towards Him.

For example, if we harbor any resentments against any human being, we are not vibrating with the love of God. We are then not applying the tradition of True Parents:

True Father: "'No matter how difficult it may be, you should inherit our True Parents' TRADITION to be patient and OVERCOME WITH TRUE LOVE. You cannot harbor any hatred or grudge. There is NO WAY you can, because God and True Parents have not done that. You should EXACTLY FOLLOW TRUE PARENTS' FOOTSTEPS... I am telling you this is the way to go. This is my MOST IMPORTANT TEACHING to you today on this Day of Victory of Love." [4]

Only if we are able to overcome resentments by following the logic of true love, will we be true peace makers. Otherwise we are not different from those, who hurt others because others have hurt them. Enough of such people are in this world, creating all the conflicts that we see.

But what God needs are those who can make a real difference, by loving everyone, even those that have hurt them. Doing this will make us people of good fruit, and the Bible says that by the "fruits they will be recognized"?

By the fruits of our love people will realize that God has sent True Parents into this world. It does not work with great lectures or projects alone:

Heung Jin Nim: "If you don't have the right heart first, all the organization in the world won't make any difference. The heart is the most important thing, the heart. What is your heart? What is the content of your heart? What is the level and depth of your heart? What is the level and depth of embracing people and feeling responsible?" [5]

Only by us becoming people of the love of Jesus, the love of True Parents, will we change the world:

True Father: "When your standard of heart is the same as God's, all problems will be solved." [6]

It is us, the sons and daughters of True Parents, who are called to reach such a standard of heart. And we all have the potential. We only need to make our mind up and go forward in our heart, achieving one victory of love after the other. That will make a difference on all levels, from individual to world wide.

We cannot just wait for the second or third generation to do this. God wants all of us to do it. Nobody is excluded. We are all equally important for God when it comes to filling this world with true love, driving all darkness away.
