

**True Father: I want you to become somebody. Become a Moonie of true love vibration!**

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "Today we are having a revolution to break up all the boundaries of the universe. It is our task to spread it [love]. In the end only love will remain strong and prosperous." [1]

For the Kingdom of God to come, all the divisions in this world have to be overcome. Knowing and spreading God's word is certainly important in this context. But there is more to it:

Heung Jin Nim: "It is not what you know that's going to change this world, it's what you can become as a man and a woman following our True Parents.... They want you to inherit their very heart...."[2].

God and True Parents want us to inherit their very heart, their very quality of love. The more we strive to do this, the more we are contributing to breaking up the boundaries in this world and to the establishment of the world of the heart.

Some may think that by spreading the Divine Principle to everyone, this world will become liberated and ideal. But it does not work like that. Only if knowing the Divine Principle sets us on the path of developing our heart and love, at all times, it will work. Otherwise we are simply trapped in the head, while stagnating in heart and

love, wondering why we cannot find any satisfaction in life.

Knowing the Divine Principle should motivate us to become new people, with the heart of God. This is for what the truth sets us free for. It sets us free to love the way God does:

True Father: "When you really live and consummate the Divine Principle, your personality has a heart of love." [3].

If we do not come closer and closer to loving the way God does, then we do not really live the Divine Principle. We may be talking and preaching about the ideal, we may be blessed since long ago, but we are not applying the logic of love in our life, and thus not getting closer to the ideal of a true human being. But exactly that is the point in knowing the Divine Principle. It is about becoming the person who vibrates with the love of God:

True Father: "I want you to become somebody. Become a Moonie of true love vibration." [4]

True love vibration means to love unconditionally, unchangingly. It is not about love-bombing someone to make that person to do what we wish. True love is without such calculation, without any second thought.

True Love is a love that is being given generously to everyone whom we encounter, no matter who, no matter where and when. True love is only about investing, not about what comes back in return. To think about what should be the return, spoils it all. That makes our love fake and powerless.

But true love has the power to bring big changes:

True Mother: "You need to grow internally and then reach a position in which you can lead the external world." [16.7.16]

We cannot lead the people around us to God and True Parents by intelligence, talents or money. Neither does it work by force or manipulation. It works only if we become people in the image of God. That will inspire people, much more than anything else. If we do not strive daily to become Godly people, than people are simply not attracted:

True Father: "We have to embody the words through true love. Then... people will be inspired and moved." [5]
