Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "All the difficult problems in the world now can be fundamentally solved only through the perfection of true love." [1]

The ideal world, God's Kingdom, can only come about if all people of the world bring their love to level of perfection. If the fall would not have happened, our first ancestors would have become True Parents, and all subsequent generations would have reached the same level. Everyone would have become as divine as God is divine. Conflicts would be unthinkable in such a world of perfected love.

Restoration is all about humankind reaching the point, where True Parents appear and practice and promote a perfected love, paving the way for all of us to reach their level, God's level, of love. The more that happens, the more the conflicts in the world will disappear.

The problem starts when people think that only True Father and True Mother can reach that level, while everyone else can never get there. That kind of thinking blocks us from reaching our destiny, which is perfection of heart. If we think we can never reach perfection of heart and love and that we are destined to just work hard and follow instructions, then we miss the point completely:

Heung Jin Nim: "Are you just the servants who work hard on Father's projects and beat your brains out every day? That is not God's desire for you; it is not our True Parents' desire for you. They want to bequeath more to you." [2]

They indeed want us to go far beyond just working hard or the like:

Heung Jin Nim: "It is your job to go forward, and this is not just an external responsibility; it is not just obedience to Father's latest project. It is going forward in your hearts..." [2]

God and True Parents want us to advance in heart and love. They want us to become embodiments of love, in the full image of God. They certainly do not want us to be stuck in limited thinking about ourselves, putting ourselves down. They want us to see our divine potential and focus on actualizing it in our life time:

True Father: "You have to make true love your own. You have to witness the perfection of true love

within your own life." [3]

By going forward in heart and love all time, making that our focus in life, we will reach incredible heights:

True Father: "God is the Parent of parents and King of parents. This means you have to become God-like parents and teachers." [4]

If we are satisfied with the level of heart and love we are at, then we will not reach our destiny, which is to become God-like:

Heung Jin Nim: "Brothers and sisters, don't be satisfied with the level that you are at. Please reach out every day for a new level." [5]

If we ask Heung Jin Nim, he will help us to advance in heart. The same applies to True Father and Jesus. They all want to help us, but we have to give them the green light to do that. We have to ask them. That is what they are waiting for. And then they will help us to reach our destination, which is to become embodiments of God, embodiments of divine love:

True Father: "Therefore, to become God's children, our first responsibility is to resemble God. We need to embody true love." [6]

By exercising our heart muscles constantly and consciously, at every encounter with people, always watching our own thoughts, words and actions, we will experience ourselves blossoming:

True Mother: "The perfume of life blossoms in genuine love." [7]

And then we can have influence on the world:

True Mother: "You need to grow internally and then reach a position in which you can lead the external world." [8]

Our love needs to resemble God's love more and more, day by day. That is the true life that we are supposed to live. That kind of life will lead to the appearance of God's ideal world, where all are in the image of God.
