

## True Father: We must become God's substantial self

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father:

True Father: "We must become more than someone whom God can relate to as only His object partner. By adhering to the laws of creation, we must become His substantial self." [1]

God and True Parents want us to become the embodiment of God, the visible God, God in the flesh. Each one of us should be able to say: "Whoever sees me, sees God!"

Some may think that only True Parents and Jesus can reach such levels. If that would be the case, then the ideal world could never emerge.

The goal of restoration, however, is to establish the ideal world. In that world everyone becomes the full embodiment of God. And, of course, we all have the God-given potential to get there.

Through the Marriage Blessing, that True Parents instituted, all people can enter God's lineage. And based on this divine lineage, we can advance to perfect our love and become God's substantial self:

True Father: "... we need to expand the movement that creates families of true love that have received God's Blessing. Under that Blessing, we can become ideal couples and families by continuously training ourselves through a life of faith in which we practice true love by living and investing for the sake of others." [2]

The Blessing itself is only the beginning. Based on the Blessing we need to go forward in heart and love all the time, never stagnating:

True Father: "It is only when the complete truth emerges that this world can be united completely. Once we learn this truth, we can and must perfect our character and our heart." [3]

We may know all the truth of the world, and we may be blessed by True Parents, but all this is not enough. We need to perfect our heart and love. We need to train ourselves on a daily basis to become able to love the way God does. We need to figure out how to do that. We have to pioneer our own path towards the perfection of heart:

True Father: " The only thing that matters is the omnipotent love of God. Truly the only knowledge we need is knowledge about love." [4]

From True Father, True Mother and Jesus we certainly can learn about true love. But the more effort we make to pioneer our own way to advance in heart and love, the more we learn about love along the way.

On top of that we are so lucky that we can always ask True Father, Heung Jin Nim and Jesus to teach us true love and to transform our hearts. That will enrich us a lot and make a huge difference.

By doing all this, we become happy people and help God to restore this world at the same time:

True Father: "The king/queen of happiness is the one who is living with the love of God. At that point, he/she couldn't care less about worldly knowledge, power and authority or money." [4]

Living with the love of God means to love the way God does. By doing this, we become God's substantial self. There is nothing higher and more precious than this.

Love from Bruno
