

## True Father: Let us be great bells of love ringing out in the desert!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Heung Jin Nim and upon a testimony about True Father in Danbury Prison:

From the testimony of Hafez Farid about True Father [in Danbury prison]: "So his [True Father's] life is a prayer. I've never seen him angry, I've never seen him complain. I never saw him speak harshly to another individual. I never saw him reject any individual's question, or refuse to answer him." [1]

In Danbury prison True Father was certainly not treated well by everyone. That however did not affect his love at all. His love for people did not waver:

Heung Jin Nim: "Open up your hearts and really embrace each person and don't let anything hold you back from loving the people. That's how my Father lives. He just loves everybody, even the people that hate him, even the people that attack him, even the people who hurt him. My Father just keeps loving them..." [1a]

Nothing can stop the love of True Parents. That love is simply unstoppable, for eternity, just as the love of God, just as the love of Jesus. And this love is for everyone, friends and enemies alike. In such a love there is no concept of enemy in the first place. Everyone is seen as God's child and treated in that way.

The great thing is that all of us are created to become such embodiments of true love. It is the incredible destination of all of God's children. We all have the potential and are requested to become such people. The Kingdom of God is the world of such people, nothing less. God's ideal does not allow anything less. With anything less God would not be satisfied, neither would mankind. We all desire the very best. And the very best is God's ideal. And in God's ideal everyone is God-like, with regards to love.

True Father: "True Parents' love here on earth is like a formula or tradition. Anybody who follows that formula or tradition is bound to succeed. Not only will you succeed here on earth, but you will also succeed in spirit world.... This kind of love will be welcomed anywhere, anytime, because this is the love of God." [2]

And this formula is not just for a few, it is for all. We all can apply it. God is waiting for us to use it. Using this formula means making effort to practice true love. Using this formula will make us advance in heart and love, will make us the living word:

True Father: "All perfection begins from true love. We should apply this formula to the entire world,

centered on true love. It has to become so habitual that we cannot lead our daily life without practicing this formula. Wherever we may go, we have to live this way. When we see elderly people, we must love them as our grandparents; when we meet people the age of our parents, we must love them as our own parents; if we meet people the age of our siblings, we must love them as we would our siblings; when we meet children, we must love them as our own children. This way of treating people should be both habit-forming and fun for us." [3]

Even loving enemies must become our habit. This way of treating people is normally seen as difficult, but in reality it turns into fun, because it is what true life is all about. True life is about following God's pattern of life, God's pattern of love, an unchanging love for everyone:

True Father: "God has the principle pattern of life, which is giving love, unselfish love and he never changes. No matter how many times God is betrayed, he never changes position... This is God. There is no other way we can change this world unless we practice the principle of love of God." [4]

By using God's pattern of life and love, not only will our life become exciting and filled with true happiness, but we will change the world at the same time. We can change this desert like world, by the power of love:

True Father: "There have been many bells of goodness and love in history, but today you can create the greatest bells of love, ringing them in a desert-like world... Let us be great bells of love ringing out in the desert. Once people hear the sound of love correctly, they will follow your pattern and imitate you and the sound of the bell will never cease." [5]

In this way the world will change into the Kingdom of God, by the power of love:

True Father: "The roots of a tree can penetrate even a huge rock; in exactly the same way, the power of love will grow and take root over the whole earth." [6]

We all have the potential to become the greatest bells of love in history. We have all the resources and need to actualize them:

Heung Jin Nim: "You must realize that in your heart you have all the resources. If you ask me, I will come to you. I am a very great teacher. I love to teach. I will show you, if you only ask... Call my name and I will come to you." [7]

That certainly applies to True Father and Jesus as well. They are waiting for all of us to make true love our very focus, our habit, in life. That makes us unstoppable:

True Father: "If you become a person receiving and utilizing love and use your life as a bullet in God's war, then you will make yourself one of the strongest people on earth. Nothing will be able to destroy or deter you." [8]
