

True Mother: When you really come to feel God's heart, how could you possibly seek revenge?

Bruno Klotz
January 31, 2017

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "It is not the number that determines the outcome, but the strength of the people." [1]

Strength of people can mean different things. If people have strong hatred and resentment, then that can give them the power to make big changes. Such changes are certainly not in line with the ideal of God. Resentment and hatred do not create a world of love and peace. They rather create conflict and misery. They do not advance God's providence, but block it.

God's purpose is being advanced by people who are strong in God's ways. They can make a big difference, even if they are small in number.

To be strong in God's ways means to be strong in love. It means to love the way God does. The more we get there, the stronger we become, and the more difference we can make. By the power of true love we can overcome evil in the world. True love is the greatest power. It can even melt all the hatred and resentment in the world. And true love brings God into action. The Kingdom of God can only be created based on the power of true love. Nothing else can do it:

True Father: " If you put yourself in the position of God or Jesus -- trusting persons while they betray you, loving persons when they don't deserve it, wanting to live and care for those persons while they are not qualified -- the world will change." [2]

Unconditional love for everyone is the key, a love that is willing and happy to embrace even those that betray us, that hate us, that resent us, that offend us and the like. That kind of love is God-like love, and it is most powerful. Jesus practiced that love, and the impact he had on the world is huge, much bigger than that of all the "powerful" people in the last 2000 years. He advanced God's providence greatly, while so many powerful people did not make much positive difference or just created misery.

True Parents also practiced and practice this kind of love, God's love, and therefore they are unstoppable and highly powerful. They can never stop investing to save the whole world, because they are driven by Godly love in their heart:

True Mother: "When you really come to feel God's heart, how could you possibly seek revenge? When you come to know God's heart, you want to help your enemy instead. Only then can you focus on love,

which is the great road of the law of nature, and can you travel that great road which embraces all as one. Only then will heaven and earth move in unison, and will God shed tears. He will be delighted because you resemble Him." [3]

True Father: "It does not matter how many times another deceives you or betrays your expectations. Do not give up because you will not lose. I was actually betrayed many times and know that I will continue to be betrayed, but I am secure in my way and I go on. I have never found that my position gets worse; instead it is always improving. That is the heavenly standard." [4]

That indeed is the heavenly standard, because it is in line with the logic of true love. Living according to that standard or at least constantly building up that standard in ourselves, will necessarily lead to incredible blessings in our lives:

True Mother: "My husband and I have forgiven the unforgivable and, for the sake of humanity, loved enemies unlovable... No matter how unjust the persecution we receive, we do not blame anyone, rather we love them. When we overcame ordeals in this manner, blessings that we could not even imagine took place." [5]

True Parents turned impossible situations into blessings, by never giving up loving the way God does, embracing everyone, no matter what, no matter whom.

Some may think that only True Parents and Jesus can reach such levels of love. The very good news, however, is that all of us are destined to reach those levels as well, as soon as possible. How otherwise could we ever see the ideal world of God's design? If we would not have the potential to reach God's own level of love, then God's ideal would remain a dream for all eternity:

True Father: "True Parents' love here on earth is like a formula or tradition. Anybody who follows that formula or tradition is bound to succeed. Not only will you succeed here on earth, but you will also succeed in spirit world.... This kind of love will be welcomed anywhere, anytime, because this is the love of God." [6]

And this kind of love will make us powerful for God, more powerful than any evil force. So we have to constantly make effort to live according to the logic of true love. We have to constantly check and evaluate ourselves and then adjust. Godly love does not come into our heart automatically. Rather we need to be real pioneers of heart. We have to be pioneering our own path of true love, asking the help of True Father, Heung Jin Nim and Jesus along the way:

True Father: "You must go and find the way to true love... Do you think it is necessary to make a great amount of noise or put on a great show for other people? What do you think? No, you don't need any cheerleaders around you. This is a path which you have to go all by yourself. It is an internal path which is very lonely at times. But knowing that you are moving toward the greatest treasure, you can have the greatest satisfaction going this way." [6]

The path of true love is very internal, very deep. Just focusing on external things will not do. That is why Heung Jin Nim told us long time ago:

Heung Jin Nim: "So you have been very stubborn and determined in the past, and not giving up in terms of your responsibilities. But now you need to make a determined effort, ten times that determined in terms of reaching into yourselves. That is why sometimes you felt empty because your determination was more external, but not internal." [7]

Our main responsibility is to become master of love, perfect in love. And this is a most internal thing. We need to focus on this during all the other activities in life, including for example witnessing:

True Father: "The FIRST STEP in witnessing is to think, "I myself must become PERFECT." Then you will be able to give GOODNESS to other people." [4]

While meeting and interacting with people we must make sure that we become more and more loving and embracing towards everyone, all the time, no matter what they think, how they speak or how they treat us. Our growth of heart must be our constant focus. Then we are on the road to advancement in heart and love. Then we are pioneering heart, perfecting love. And then we can really give a lot to people, not just words.

Then they feel accepted, respected and embraced. Then they experience the heart of God through us. This is what we are supposed to bring into this world, to spread everywhere and to help others to do the same.

There is nothing greater than this!
