Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Sun Jin Nim:

True Father: "True Parents are the ones who can determine everything. This is why we need to inherit their thought in its entirety. We will have to inherit everything from them: their heart, character, and their views on life, on the nation and on the world. Otherwise, we cannot stand in the central position." [1]

We need to inherit the heart and love of True Parents. We have to inherit their level of love, which is God's own level. By developing such a level in our heart, we fulfill the purpose of our existence. The purpose of our life is to become embodiments of the love of God:

True Father: "If we are to fulfill the purpose of our existence, we need to inherit first the true love of God." [2]

True Parents have inherited the love of God, and we have to do the same. We have to inherit the heart of God and True Parents. Then we can turn the world around:

True Father: "Because of love, you can rescue a world that is in decline. Only when you inherit the tradition of true love, which is based on living and sacrificing for the sake of others and on a heart of unconditional love and service, can this world's decline be brought under control." [3]

The tradition of true love includes, of course, also loving the enemy, loving those that are impossible to love. The tradition of such love will certainly create world peace:

Sun Jin Nim: "If we look at the state of the world today with the crises of the planet, global economic difficulties, and inter-religious strife, we know that the world urgently needs True Parents' true love and blessing; now more than ever. Only through True Parents and the heart of true parental love can we establish world peace and one Family under God." [4]

There is certainly nothing more important than to inherit the quality of love of True Parents:

Sun Jin Nim: "If we are to inherit anything from True Parents, let it be the true love that they perfected." [4]

There is nothing more precious that we can inherit. But inheriting the heart of True Parents is not something automatic. It will not be handed over on a silver tray. It does not come from simply doing external activities. It does not come from sleeping and eating less or similar things.

Growth of heart only happens if we make conscious effort to love during all encounters with people. We have to go through training of heart and love, day by day, without ceasing. That is the only way to advance in heart, to perfect our love. Our love has to increase day by day, based on exercising our heart throughout the day. We all can do it, if we keep it on the forefront of our mind:

True Father: "It is a most important matter how much an individual who lives a life of faith can have an ever-increasing love and power of life." [5]

Our love has to increase all the time. In order to make that happen, we have to stretch our heart, overcome limitations of heart, break down barriers in our heart. We should be able to watch our own heart changing, getting deeper and wider, becoming more and more able to embrace everyone with unconditional love. We have to constantly watch ourselves to not get distracted. We have to always be aware of the value of such efforts:

True Father: "Please understand that the time we have on earth is an opportunity more precious than anything else under heaven. It is our opportunity to perfect our love. It is urgent that we understand our work now is for the sake of inheriting a path that is more precious than our nation, more precious than the world, and more precious than our own love or life. The life we lead from now on has indescribable value." [6]

It has the greatest value as long as we march forward on the road of perfecting our love and heart, inheriting the heart of God and True Parents this way. Therefore we better not waste time but advance in heart quickly, learning as fast as possible to love the way God does. It goes faster than we might think:

True Father: "Heaven is where you embrace everyone. It should not take our whole life to accomplish. If you do it in 10 years God will embrace you and say, "You are my child, I will serve you!" [7]
