

Heung Jin Nim: Belief is in the heart. Your heart needs to open so deeply!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Heung Jin Nim [in spirit world]:

True Father: "The perfection of humankind cannot be achieved through knowledge, authority, or money; it can only be achieved through love. That love is not the secularized love of this world, but original love, and through that love everything is perfected." [1]

Through the fall of man, the human heart became corrupted. True love could not come to fruition. False love, based on the fallen lineage of selfishness, came to blossom instead. This causes all the misery in this world.

The problem obviously is the human heart. It needs to be purified and perfected. A revolution of heart is needed, from false love to true love. Through the blessing we change our lineage, but that does not make our love perfect and blossom automatically.

We have to advance in heart by our own effort, by exercising our heart, by training ourselves in loving people the way God does. That will make our hearts grow. It will make us more and more embodiments of true love. Then we bring God into this world and establish His Kingdom. Money, power, knowledge, position etc cannot achieve that. Only through the perfection of true love is it possible:

True Father: "All the difficult problems in the world can be fundamentally solved only through the perfection of true love." [2]

Since human beings are so used to false love and selfishness, many think that this is normal. In reality, however, it is a sickness of the heart, and it can be and has to be overcome. Mankind was not created to be selfish for all eternity. Rather we were created for the perfection of true love. God's ideal can only be realized if we all fulfill what we were born for. And we were born for the perfection of true love:

True Father: "You are born as the princes and princesses of love. You must become kings and queens of love and create the kingdom of love. That is God's ideal and that is the true purpose for your being born. Human dignity and value is that great. We were born for the perfection of love." [3]

Perfecting our love is the core of the three great blessings that God gave us. We call it "responsibility". But as the word "Three Blessings" says, it is much more than just our responsibility. It is the biggest blessing that God could bestow on us. Perfecting our love means that we become as divine as God is divine. We become God's embodiment. We become God's and True Parents' representatives, not only in

name, but in substance, in heart and love:

True Father: "You should not represent me in name only, but in responsibility and heart." [4]

It is all about inheriting God's and True Parents' heart. That is the whole purpose of restoration, to restore our hearts to the level of God's heart. It is all about revolutionizing our hearts:

True Father: "We must become perfected individuals who match the standard of original, perfected individuality. To do this, we must continually revolutionize ourselves and fulfill our given responsibilities." [5]

Our hearts have to be transformed, day by day:

Heung Jin Nim: "What I am interested in is to see you transformed, I want you to be reborn." [6]

We may think we are reborn because of the blessing, but the blessing is just the beginning point. After that comes the real job, which is to transform our hearts, so that God can express His heart and love through our heart:

True Father: "Living in the image of God means having God's words becoming your words and God's love become your love. That is your first goal." [7].

The more we become people in the image of God, the more we are reborn. Otherwise we are only reborn in name, but not in substance and heart.

The question is how to revolutionize our heart. We have to keep loving people where others would certainly give up. We have to always be motivated to love and invest, unconditionally. Again, how to get there? By training and exercising our heart. And by asking for help:

Heung Jin Nim: " Grab my hand. It may not be fleshy and bony and have hair on the back, but I want to tell you it's as substantial and a more substantial hand than the one you're holding right now. Substantial in spirit, substantial in victory. Take that hand and believe in it and go forward". [8]

We need to grab the hand of True Father, Heung Jin Nim and Jesus and ask them to help us to transform our heart. They will help us to move into a new realm, into the realm of their heart:

Heung Jin Nim: "You need to move into a new realm of belief in your deepest heart. Please understand. Belief is in the heart. Your heart needs to open so deeply. It is something far beyond the letter of the law, far beyond the word. It is a part of you which many of you have not yet discovered." [9]

By advancing in heart and love all the time, we discover a new realm. That means, we start discovering the Kingdom of God in our own heart. Then we can give the Kingdom to others. Then we can make God visible. Then we can win people for God and True Parents by the power of our heart. That is the path to true happiness and fulfillment. That is the real rebirth.
