

Heung Jin Nim [in spirit world]: You can be a person you never even imagined

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spirit world]:

True Mother: "At this moment, as we work toward opening of the Cheon Il Guk era, you must be able to find the perfected original mind while carrying out your own responsibilities." [1]

Finding the perfected original mind [heart] is by far the most important thing in life:

True Father: "We must find the original heart. That is more crucial than anything. If we focus on the heart we can go beyond anything in the world. If we don't go this way, everything will be burned [lost]." [2]

Focusing on the heart means to focus to increase true love, to develop true love in our heart all the time, to raise the standard of our love constantly.

We cannot allow our ability to love to stagnate:

True Father: "No matter how long it takes and how stormy the environment, we cannot allow our inner selves to be invaded. We must continue a course of steady development." [3]

We cannot allow ourselves to be invaded and dominated by impulses coming from the fallen nature. Such impulses are always trying to influence us in fallen ways, thus blocking the development of our heart. These impulses can be very subtle, and it may be even difficult at times to recognize them. Therefore we need to analyze our inner selves all the time, in order to figure out where fallen nature is at work. If we notice it, we need to block it, root it out.

If we make sure that we follow the original mind instead of fallen nature, then the divinity in ourselves grows:

True Father: "When fruits start to be borne, flowers and leaves drop off. Similarly, when divinity grows in your heart, all your shortcomings will fall away." [4]

And as we become more and more divine, our original heart emerges more, and the fallen nature will have less and less impact on us. It will be more easy for us to detect and stop it. It will lose its power over

us and "fall away" more and more. We will experience the Kingdom of God in our own heart. That is where God's Kingdom needs to start:

True Father: "Please allow us to understand that unless we achieve the heavenly kingdom of the heart and of peace in ourselves, the glorious heavenly kingdom has nothing to do with us." [5]

If we do not establish God's Kingdom in our own heart, then we are empty, hopeless and uninspired:

Heung Jin Nim: "When our heart changes and becomes close to God and True Parents, even little changes seem like big changes, but when our hearts remain stagnant, even when big changes occur we won't feel anything. So the choice is ours whether we want to advance now or just wait for the next time. Let us improve ourselves day by day... Let us start fresh every day with greater love and greater hope." [6]

If we focus on making our love grow day by day, we will create the Kingdom of God in our heart. We will be inspired and full of life. We will bring God into action. And we will find our original heart, which we might have thought to be impossible:

Heung Jin Nim: "You can be a person you never even imagined." [7]

We all have the full potential to become people in the image of God:

True Father: "Thus our highest desire should not be to conquer the world, not even to conquer God, but to win God's love. Winning God's love has nothing to do with external talents or skills. Anyone can become a son or daughter of God and possess God's love if only they follow the right way. In the end, the best life is a life by which we become God's sons and daughters." [8]

Winning God's love means to become God's sons and daughters who love the way God loves. Our love has to increase day by day:

True Father: "Once genuine love begins, it increases. True love keeps increasing until it embraces the world. This heart that is infinitely embracing, this heart that holds everything, says, "I will embrace more. I will embrace more!" It is only true love that activates the original heart like this. Only true love does this." [9]

Only by exercising our heart in true love we get there. We have to revolutionize our inner self without ceasing, never to stagnate. This has to be our focus. That is true life. That is what finding our original heart is all about. This is what creating God's Kingdom is all about.
