

## True Father: It is Abel's job to create unity with Cain

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father. True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "Abel was supposed to unite with Cain and to complete the providence of salvation. The challenge for him was to become one with Cain."

If Abel would have won the heart of Cain, they would have become one, which means one in heart. In that case Cain's resentments would have vanished, and he would not have killed Abel. The foundation of substance would have been built, and God could have worked on that foundation.

"Abel" is the one who is closer to God. His heart resonates more with the heart of God than the heart of "Cain". "Cain", on the other side, is more influenced by fallen nature than "Abel."

Abel's challenge is to create unity of heart with Cain. Abel cannot expect Cain to create that unity just by himself/herself. Abel has to play an important role in it:

True Father: "It is Abel's job to create unity with Cain; God cannot just hand you that unity." [2]

By winning the heart of Cain, Abel can gradually bring Cain to a new level, closer to God. Abel cannot just sit there and expect Abel to "follow" him/her, just because he thinks he or she is "better" than Cain, has a better teaching than Cain, understands the truth better than Cain etc. That concept does not work.. Unity of heart cannot come like that. Abel cannot just demand from Cain to follow him or her, based on that concept:

True Father: "Many religious people incorrectly think they are always right and others are wrong and therefore have to follow them as Abel, but that is not the right way. First Abel has to take care of others, and only then can he expect them to follow." [2 a]

If we have the concept that "Cain has to follow us" because we think we are Abel, or even tell them this, we are just putting people off, because they will see us as arrogant etc. They will not want to "follow" us. They will try to avoid us.

If we want to win people for God, we ourselves have to create unity of heart with them. We have to win their hearts. And that does not work just by telling them that we have a "higher truth". We may indeed have the "higher truth", but if this is not reflected in the standard of our heart and love, then people's heart cannot really be won. They will not feel attracted:

True Father: "The words we receive through hoon dok hae are not ours. If those words are not our own, no matter how much we try, people are not inspired. We have to embody the words through true love. Then when you plant those seeds that stem from the original seed, people will be inspired and moved." [3]

Only if we internalize and embody True Parents' words about true love, these words are "our" words. Otherwise they are in the book, but not in us. Otherwise we are running around with theory, but not with a heart of divine love

Heung Jin Nim: "The Principle must be in you, not in the book."

If we want to bring people closer to God and True Parents, we have to realize that this only works by ourselves getting closer to God all the time, and that means by revolutionizing our hearts to higher and higher levels of love. We cannot easily speak about the first blessing, which means perfection of heart, by ourselves stagnating in heart. If we ourselves are stagnating, we cannot inspire others, because we ourselves are not inspired.

We can only be inspired by the Divine Principle through revolutionizing our hearts in line with the logic of true love. Then we become inspired, and then, with the power of our love, we can have a positive influence on people. Then we can see God working.

So for example in witnessing our first thought should not be how to convince this or that person, how to make some external result. Our first thought should be how to invest true heart and true love into that person:

True Father: "The FIRST STEP in witnessing is to think, "I myself must become perfect." Then you will be able to give goodness to other people." [4]

And we do not become perfect in love just by speaking about theory. While speaking with people in witnessing, or in any other situation, our first concern has to be how we ourselves can grow in heart and love through this encounter. Our first concern has to be how to think and speak without being influenced by our own fallen nature. Our first concern has to be how to nourish our original heart, not the fallen nature. Then we ourselves grow in love, and others will be influenced, consciously or unconsciously:

True Mother: "You need to grow internally and then reach a position in which you can lead the external world." [5]

The more we grow internally, the more we can influence the external world, because of the power of true love, and because of the power of God, based on us becoming divine people. We even have to become True Parents ourselves, not in name, but in substance, in heart:

True Mother: "It is God's wish and dream (for you) to become humankind's visible True Parents." [6]

The more we become True Parents, the more we will win the heart of "Cain", not just by talking or telling them we are "Abel", but by our standard of heart:

True Father: "The mission of restored man is to demonstrate a higher quality of love than ever existed in the satanic world." [7]

We need to unconditionally love and embrace people, no matter what they think or believe, what they do or have done. Judging them, criticizing, blaming them and gossiping about them, will not be successful. Unconditional, unchanging love will make the difference. If we exercise that kind of divine love, we are on the high road of fulfilling our "mission". Not only that. We will reach our destiny. And people will be inspired and attracted:

True Father: "When Cain recognizes that Abel truly loves him more than anyone else does, then Cain will give up his false ambitions and arrogance and become obedient to Abel. Abel can pull Cain to his side by the magnetic force of love." [7]

Then "Cain" will begin to love "Abel" and Abel will have more and more positive influence on him/her. This is the way of restoration:

True Father: "This is the law of recreation -- simply to win the heart of people."

Love from Bruno! Have a blessed new year!
