Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Sun Jin Nim:

True Father: "If God is a big tree, we, as the branches, should resemble the tree. Therefore, we must assist God in His work and help Him find lost humankind. So wherever you go, east or west, you should foster loving relationships with people." [1]

It is the destination of all of us to become people in the image of God. Through the fall of man, everything became complicated and painful. God's children came into the lineage of Satan, which means they became people with much more resemblance to Satan than to God. And throughout history, Satan worked hard to corrupt the human heart even more.

But through the providence of restoration, based on the sacrifices of God-loving people, God managed to guide mankind to higher levels of heart, although still this world is in a big mess, far away from the ideal world of God's design.

But we are now at the turning point of history, because True Parents have emerged. Based on their victory, now all mankind can return into the bosom of God, based on the Holy Marriage Blessing given by True Parents.

God and True Parents are investing everything to save all mankind from Satan's bondage. But they need people to understand their heart and assist them, people who have the same vision, people who make effort to love mankind the way God and True Parents do, people who long for God's providence to be victorious. We are called to become those people and who guide other people in the same direction:

True Father: "Let us become a bell of love which can resound throughout the universe. When the sound of the bell of love reaches the hospital it will liberate the patients into restoration. Then they can be discharged and become bells of love themselves, bells whose ringing will save more people. Your bell will bring resurrection, and then those people can do the same." [2]

True Father: "The entire world and universe should be eternally filled with God's love. Each individual is a carrier of that love, sprinkling it at higher and higher levels. This is your eternal destiny." [3]

Sun Jin Nim: "She [True Mother] is calling upon all of us to arise as champions of peace, to become manifestations of Heavenly Parent's love and truth so that together we can usher in a new world of lasting peace and prosperity for the whole human family and creation." [4]

With other words, we need to become new people. We need to see ourselves progressing, internally. We need to liberate ourselves from all barriers in our heart, from all the wrong concepts that we may have had about ourselves for years and decades. We need to stop putting ourselves down. We need to become people through whom God can love people and speak to people. We need to become real channels for God's blessings.

The more we manage to liberate ourselves, to become people of God's hope and pride, the more we can liberate others. We are destined for greatness, each one of us, even if some might not have realized that yet. God and True Parents want us to even become better than them:

True Father: "You should aspire to become embodiments of God, embodiments of the True Parents... In fact, all these Parents want you, their embodiments, to be better than they are." [5]

True Mother: "It is God's wish and dream (for you) to become humankind's visible True Parents." [6]
