Anyonghaseyo, dear brothers and sisters!

Happy Christmas!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "With the love of God, the more you give, the more you receive. You become a giant. The more you give the more you receive, not only from God but also from people; your one investment derives benefit from both ends."

Our investing has to be unconditional, not expecting any return from the people. We need to nurture the right motivation. If we invest into people to "get into heaven", then this is not a very great motivation. If we invest into people to help God to advance the providence, then we are certainly on God's wave length.

God wants us to be a blessing to everyone we come across, even to enemies. If we can embrace even enemies, then we become giants of love:

True Father: "A great movement of restoration only comes from this ideology of love. Only the power of love could begin the new history and new age. When a person has the power to even love his/her enemies,

he/she is truly a giant and there is nothing he cannot deal with or embrace. Ultimately that person shall conquer the world in God's way." [1]

We need to train our heart to become such giants. The more we advance on this path, the more we become channels for God's love in this world, and the more God and the high spirit world are on our side.

Then we can influence the people around us more and more. We can guide them to the blessing of True Parents and explain to them how God has conducted the providence up to this day:

True Mother: "If you embrace all 7 billion people of the world, should you not be telling them what you know? You should show them what kind of person you are and tell them you became what you are because of True Parents, and encourage them to join you. That is what True Parents meant by starting a true love movement. It is about living for the sake of others. If you can help a person to begin a new life, that in itself is a success. You are giving hope to them ..." [2]

To bring people closer to God and True Parents is indeed a great success. The more we live God's life, a life in line with God's desire, a life of representing God to other people, making God's heart and motivation our own, the more successful can we become in having a positive impact on others and in guiding them into a new life, a life in line with God hope:

True Father: "You are living God's life and whatever you do and wherever you go, your entire purpose is to live as God, giving His way of life and His love."

We need to become people through whom God can express His heart more and more:

True Father: "We must possess heaven in our hearts and convey the heart of heaven to others." [3]
