Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "I cannot return to God until I love the children of my fiercest enemy. Then my responsibility will be accomplished. We have to subjugate our opponents, not by force but by love, the natural process of the universe. That is our ideology. This is the most profound ideology anywhere, the perfection of religion. There is no better philosophy than that one." [1]

People in history tried to create heaven on earth by bloody revolutions. They thought that by overthrowing the existing system, heaven would simply appear. This, however, never happened. Heaven does not come by violence and armed struggle.

The world of heart and love can only come when people create heaven in their heart. Heaven can only come through a revolution of love. True love needs to be restored in the hearts of people. That will bring about God's Kingdom:

True Father: "Our battle is not the knife battle or the gun battle or the fist battle. Our battle is that of love.

Love is our weapon." [2]

And this love has to be of high quality. We are requested to develop and nurture such a love in our heart, a love that loves and forgives people who are difficult or impossible to love. Such quality of love will make a difference and bring about God's ideal:

True Father: "If you have such great love that you can love even your enemy, that power will melt everything. God needs a movement that can melt the wrong world down and change it into the right one." [3]

We are supposed to be part of that movement, a true love movement whose members are revolutionizing their own heart day by day, thus revolutionizing the whole world, including the spiritual world. Such a movement will indeed melt this fallen world down and bring about the world of peace and love.

It all starts in our own hearts. If we decide to revolutionize our love, then we are certainly part of the true love movement that True Parents started and that God needs:

True Mother: "Love is not just loving somebody who is easy to love, but enduring, forgiving, and embracing people in order to fulfill the providence. Father is now showing us this kind of love."

True Parents have practiced this kind of love throughout their lives, and they are still practicing it and will always do it. This is their legacy, and we are challenged to leave that same legacy to the world. And we all can do it. Nobody is excluded. We need to inherit True Parents' tradition of true love. That is our destiny and most important goal in life:

True Father: "No matter how difficult it may be, you should inherit our True Parents' tradition to be patient and overcome with true love. You cannot harbor any hatred or grudge. There is no way you can, because God and True Parents have not done that. You should exactly follow True Parents' footsteps... I am telling you this is the way to go. This is my most important teaching to you today...." [4]

Inheriting this tradition is the fast lane to success in life.
