Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Heung Jin Nim [in the spiritual world]:

True Father: "As leaders, you need to practice the heavenly way so that you may receive cooperation from the spirit world. That way you can bring about the ideal world by forming ideal families, which is the desire within all people's original minds." [1]

We all are supposed to practice the heavenly way, which is the way of true love, the way of loving the way God does. God loves unconditionally, and His love never stops.

We all have the potential for such a love in our heart, and we need to train ourselves, exercise our hearts, to reach God's and True Parents' level of love. The more we do this, the more we will get help from the spiritual world:

Heung Jin Nim: "You, my generals, each one of you commands an army, each one of you stands before me to lead multitudes. But you must begin by being made anew. Put on your armour now. Put on your armour of faith, and wear your shield of love, proudly." [2]

It all starts from ourselves. It all starts by us becoming new people, people with a new heart:

Heung Jin Nim: "But before we talk about reviving the nation or even before we talk about reviving the Christian ministers, and before we talk about reviving our movement, each one of us needs to be revived in the spirit of God and in the spirit of our True Parents and in my spirit of victory... It begins with each one, with each one of you." [3]

As we become people with a heavenly heart, we will attract the spiritual world to support us. But still we need to ask for their help:

Heung Jin Nim: "You must pull true life into your own heart. You must pull me down. You must pull Jesus down. You must pull the heavens down around you and into your heart. This is your portion of responsibility. Paul said, " Pray constantly." You must, for the time being, ask constantly for my spirit to come, for Jesus' spirit to come and be with you." [4]

If we do not ask for that help, it will not come:

Heung Jin Nim: "I cannot force my way in. The highest realms of spirit do not deal in domination. They do not deal in taking over. The highest realm of spirit deals in loving and harmonious cooperation. I need your cooperation, brothers and sisters. I need it so desperately." [5]

The highest realms of spiritual world are eagerly waiting for us to invite them so that they can cooperate with us. They can help us to transform our hearts into heavenly hearts, and they can help us to bring about really big things in the world, like the unification of Korea and much more. But we need to cooperate with them, by inviting them to help us on all levels, from the individual to the worldwide level.

Love from Bruno
