

True Father: Your gradient of influence and power is based on how much you are growing

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "An original person is not someone who tries to receive love from others. Nor does this person try to receive God's love. He or she is someone who already lives intoxicated in God's love." [1]

It is our destination to become such original people, people in the image of God and True Parents. Then we become the origin of peace and can create God's world of love:

True Mother: "Throughout his life, Jesus never said he wanted to receive love. Rather he said he came to serve, and that he would love even his enemies.

Without that kind of love, we cannot find the origin of peace; and without the origin of peace, we cannot establish a world of peace. The world of peace can never come to exist as long as we focus only on receiving love." [2]

As long as we are expecting love and respect from others, we may easily get disappointed. And there is the danger to get frustrated and even resentful towards others. Like that it would be impossible to love people who do not treat us well, let alone enemies. This is happening in the fallen world all the time.

We, however, need to grow beyond such limitations and train ourselves to not be affected if others do not

respect, follow or love us. We better not expect that in the first place.

Rather we should expect ourselves to not depend on how others treat us. We need to become able to reach the level where we are not affected by the way others treat us. We need to become able to keep loving and respectful towards others, no matter what: Then we become like God:

True Father: "Your gradient of influence and power is based on how much you are growing. Ultimately you will become like the original center, like a sun which generates energy rather than the moon which reflects energy. By practicing this you can come to fully understand my situation and God's loving heart. Only then can we have oneness and common pride between us. There is only one main stream, and it is connected to this way of life." [3]

Our whole life should be one where we focus on loving God and mankind, not worrying about how much love we get out of it:

True Father: "You are not to be people who just receive love and long for love within the Unification Church. The focal point of our activities is loving humanity and loving God." "Let us go over the mountain with hope", [4]

Focusing on giving love and blessings to others instead of trying to find these things for ourselves, is the way to the greatest blessing.
