

We celebrate the 40th anniversary of our 1982 Blessings in great style tomorrow

Dear all

Tomorrow, 72 people will gather in one of the best restaurants near Paris to celebrate the 40th anniversary of the 1982 Blessing

The place chosen is a 1717 historical building, on the bank of the River Marne, 10 miles from Paris.

This place is so beautiful that it is often used for movies. A 2023 version of the Three Musketeers featuring Eva Green as Milady is now in the making, with shots in several rooms of this place.

The organizing committee mostly consisted of second generations, who worked very hard. Régis Marion has prepared a 52 minute documentary, which will be projected. And believe me, there will be Champagne. Please discover this place on the PDF
