

ABSOLUTE SEXUAL ETHICS

— UNDERSTANDING,
APPLYING & TRANSMITTING

— SYNONYMS FOR ABSOLUTE

categorical, imperative, unconditional

complete, total, integral, perfect, fullness,

essential, exclusive, ideal,

pure, radical, unrestricted

sovereign, pinnacle, supreme

The sex I am given at birth is categorical, imperative, unconditioned.

Absolute sexuality is the supreme gift of the Absolute Being to spouses of integrity. It empowers them to be one in an exclusive, unrestricted bond, for the sake of infinite joy. In the act of love, spouses give each other what is most precious, most sacred, most pure, and of infinite value.

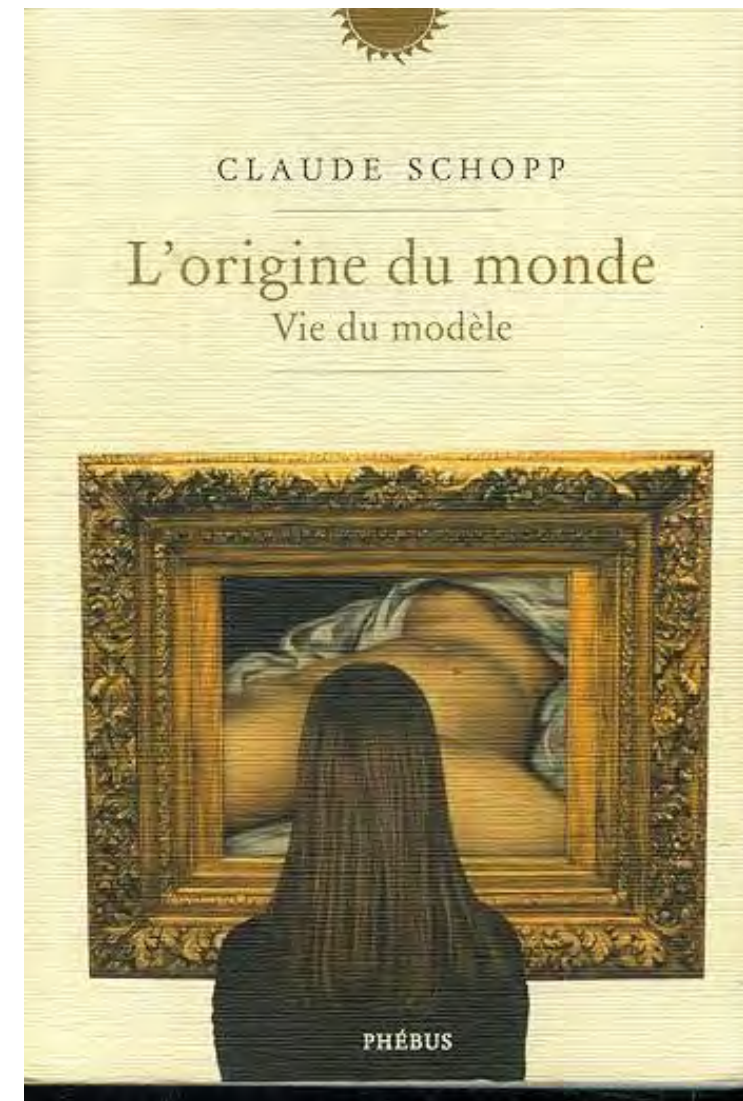

THE "DECLARATION OF ABSOLUTE SEX"

Until now you may not have thought it virtuous to value the sexual organs, but from now you must value them.

What will the world be like in the future? If it is a world which values the sexual organs absolutely, will that world be good or bad? Will it prosper or perish? This is not a joke. When God was creating human beings, into which part did He invest the greatest creative effort? The eyes? The nose? The heart? The brain? All of these organs eventually die, do they not?

If humanity were to go beyond the traditional categories of virtue, religion and any other human norms, but were absolutely in harmony with the sexual organs, earning the welcoming applause of God, what kind of world would it be?

Sexual Revolution/Rebellion

At that time, the cunning serpent thought in his heart : since I am incapable of causing Adam's fall, I will go to Eve and make her fall. He went, sat down with her and talked to her a lot... What were the thoughts of the wicked serpent at that time? "I will slay Adam and marry his wife, and I will be king of the whole world, I will walk erect, and will banquet on the best of the land."

THEORY AND PRACTICE OF ABSOLUTE SEX

Healthy and holy “Absolute” Sexuality

- Supreme gift of God to the lords of creation, in the direct dominion
- Force of love: the most powerful in the universe
- Original use of the sexual organs within the four position foundation centered on the true love of God

Unhealthy and licentious sex

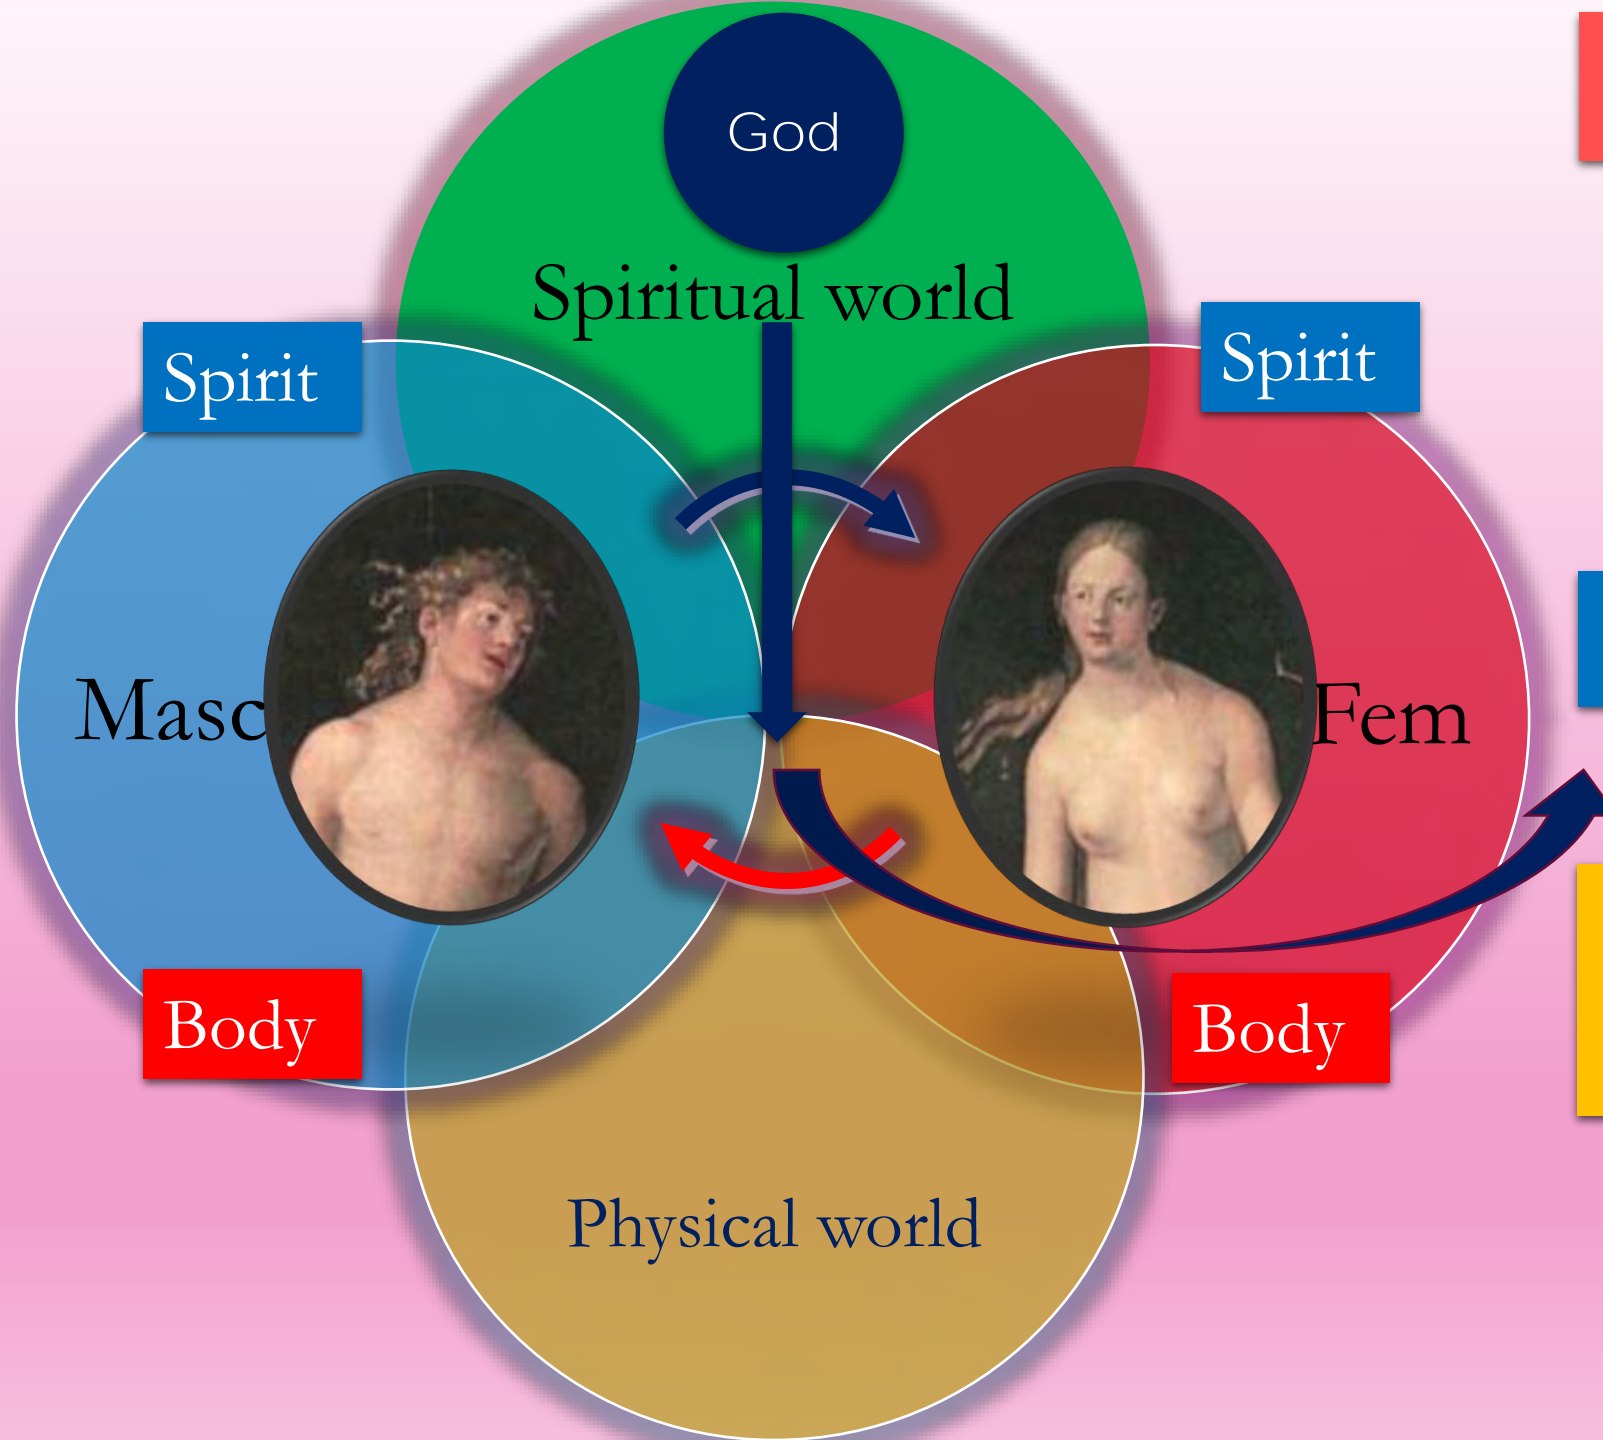

- Supreme mark of Satan on his servants in their state of immaturity
- Evil has hijacked the most powerful force in the universe
- Deviated sexual behaviours that emerged during the spiritual and physical fall

Human beings are created to be the center of harmony of the whole cosmos. If Adam and Eve had attained perfection and united as husband and wife, it would have meant the joining into oneness of the two centers of the dual characteristics of all beings.

Had Adam and Eve moved together in harmony and attained oneness, the whole cosmos with its dual characteristics would have danced in harmony. The place where Adam and Eve become perfectly one in heart and body as husband and wife is also the place where God, the subject partner giving love, and human beings, the object partners returning beauty, become united.

This is the center of goodness where the purpose of creation is fulfilled. Here God, our Parent, draws near and abides within His perfected children and rests peacefully for eternity. This center of goodness is the object partner to God's eternal love, where God can be stimulated with joy for eternity. This is the place where the Word of God is incarnated and brought to fulfillment. It is the center of truth and the center of the original mind which guides us to pursue the purpose of creation.

THE OPINION OF THE PONTIFICAL COUNCIL FOR THE FAMILY (VATICAN)

- *Human sexuality is a Good* : it is part of that created gift that God "saw very good" when he made the human person in his image and likeness, and *created them male and female* (Gen 1:27).
- To the extent that it is a way to connect and open up to others, sexuality has love as its intrinsic end, and more precisely love as giving and receiving.

GOAL OF ABSOLUTE SEXUAL ETHICS

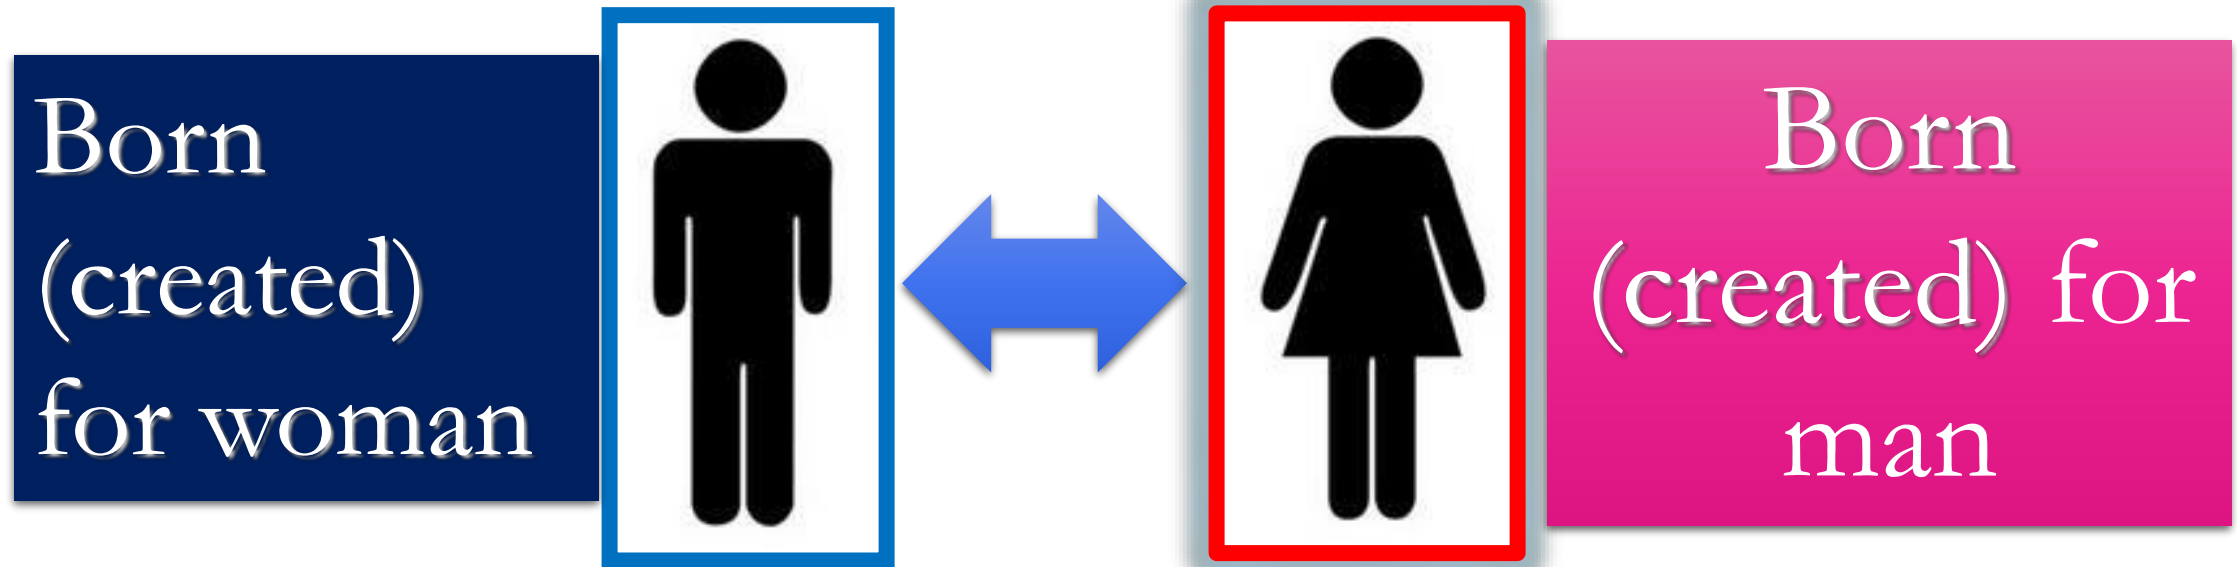

Part One

Absolute Sex and Natural Law

1.1 THE SEX WE ARE GIVEN IS AN ABSOLUTE, NOT A MATTER OF CHOICE.

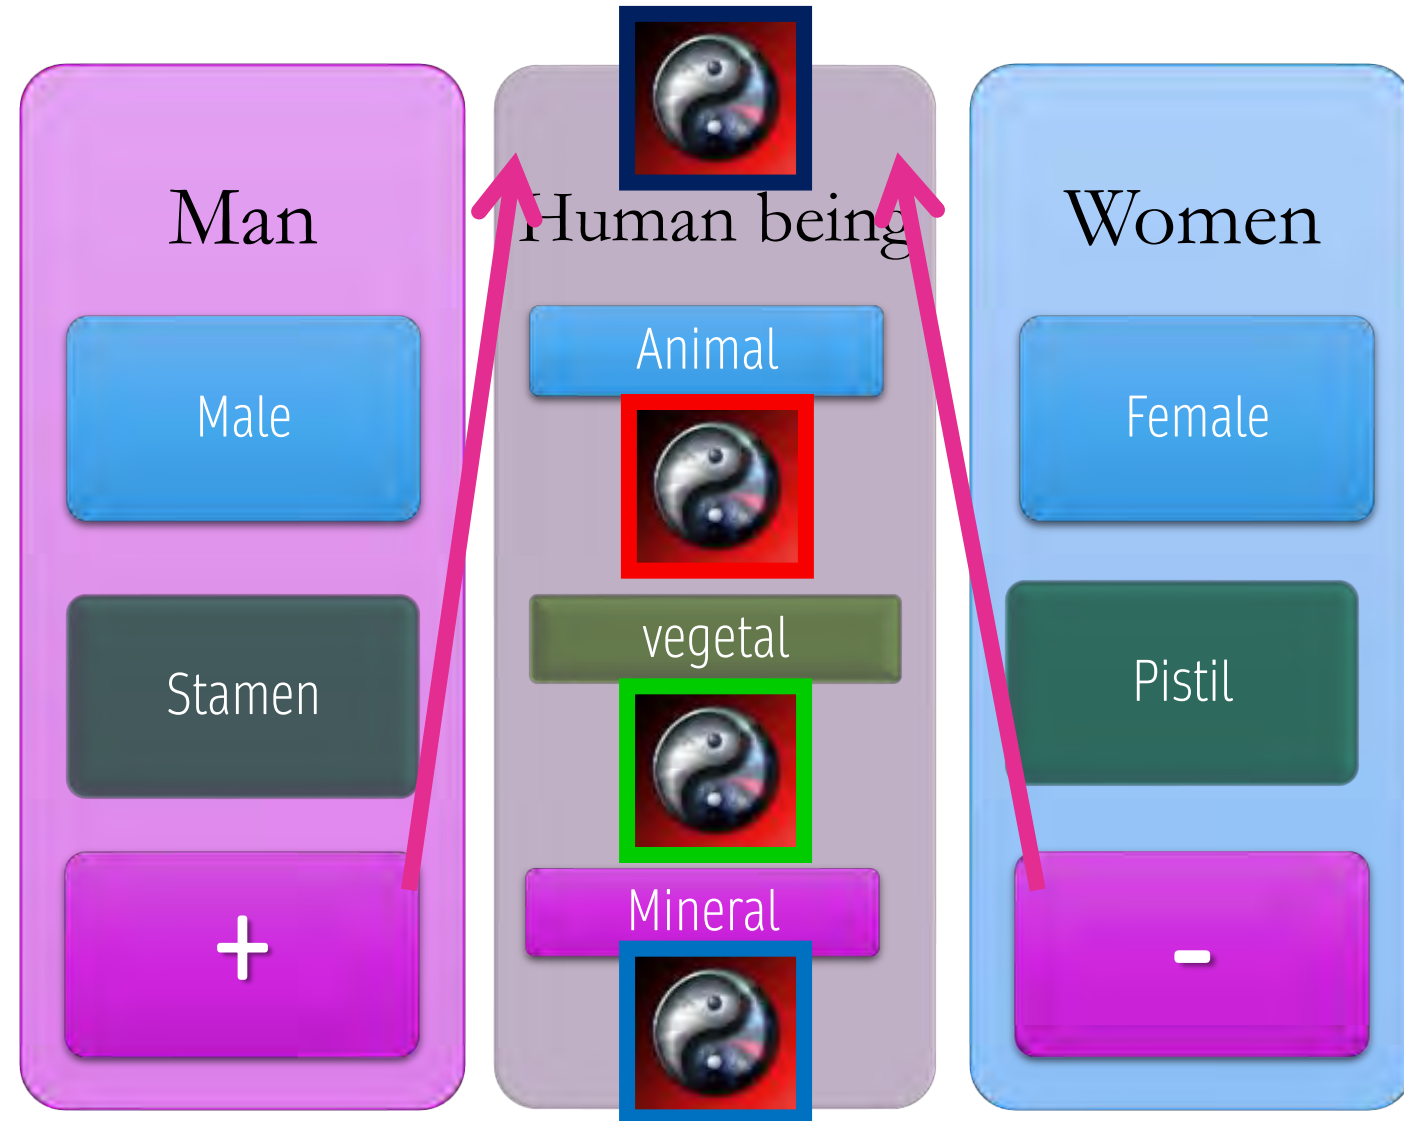

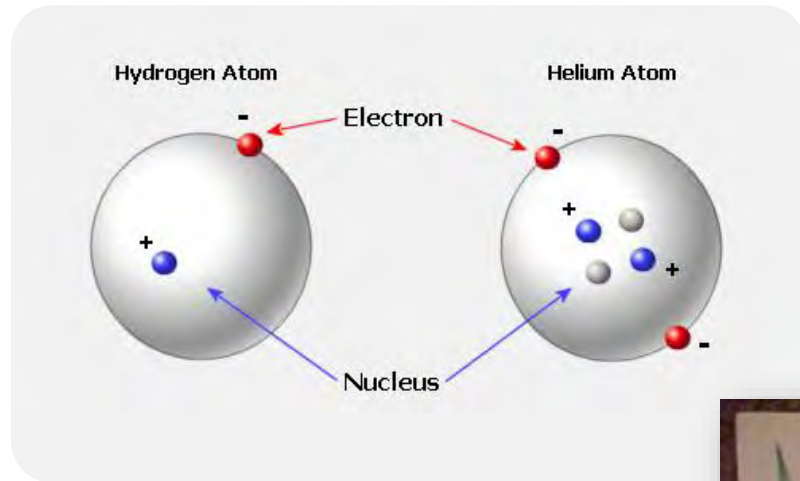

In this world there are two kinds of human beings: men and women. Can they decide to exchange positions? Was your birth as male or female based on your personal desire? Or were you born that way irrespective of your personal preference? The sex that we are born with is an absolute and is not a matter of choice.

categorical,
imperative,
unconditioned

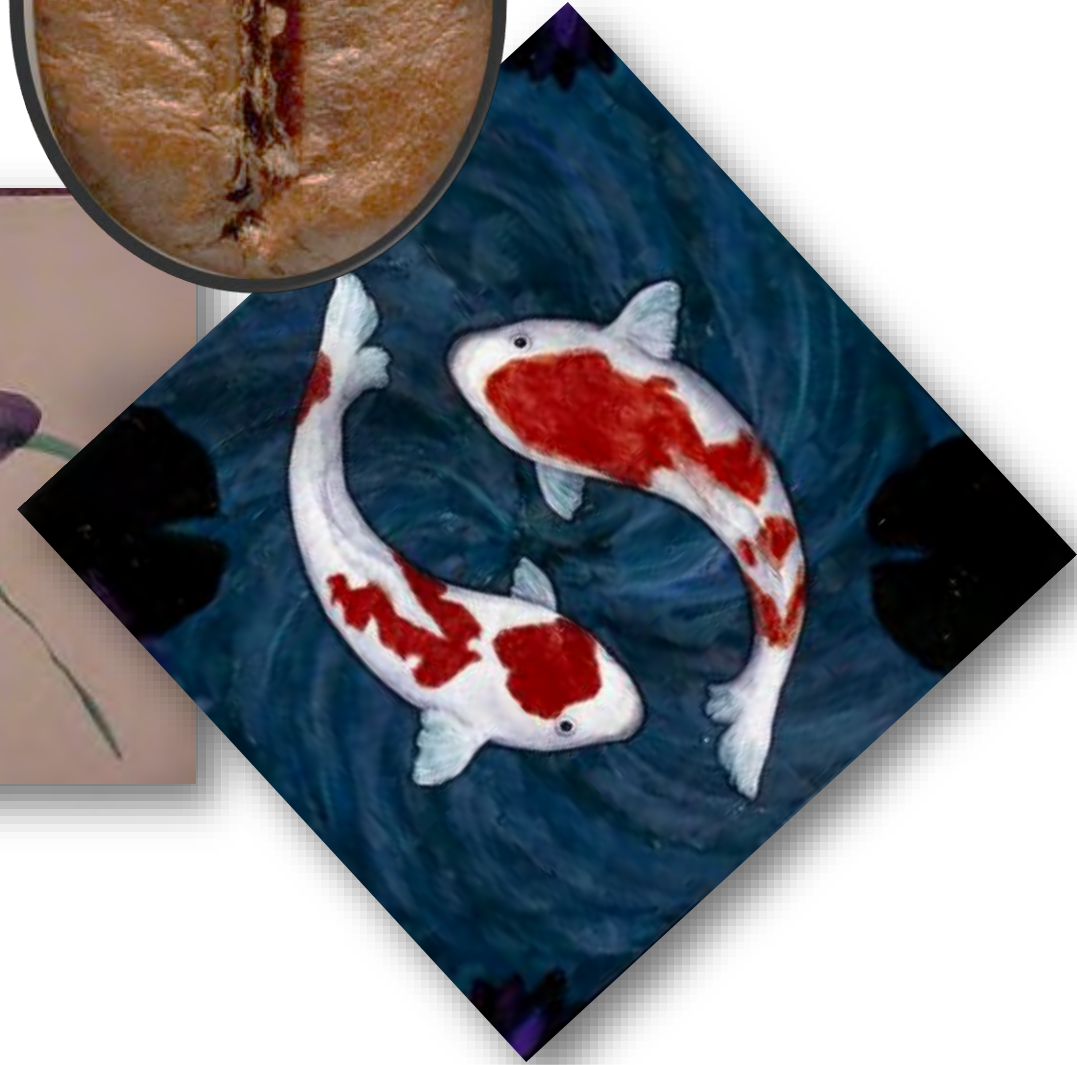

1.2 THE HUMAN COUPLE, SUMMIT OF THE UNIVERSAL YANG-YIN DUALITY

In the mineral kingdom, atoms and molecules are composed of positively charged atomic nuclei and negatively charged electrons. Flowering plants reproduce through the union of male and female reproductive cells produced in the stamen and pistil. Animals exist as male and female, and human beings, as men and women.

we observe that beings with plus and minus characteristics on the higher level exist and develop by incorporating beings with plus and minus characteristics from lower levels. Why?

It is because the existing world is responsible for perfecting human beings, who are meant to be rulers of all creation.

Human sexuality, expression
•of love
•of creative freedom, responsible
sovereign, pinnacle, supreme

1.3 THE ORGAN OF LOVE BELONGS TO THE SPOUSE

the owner of a husband's sexual organ is his wife, and the owner of a wife's sexual organ is her husband.

This simple truth will never change: Woman comes into the world to love man. Man is born to love woman. It is the law of nature, the truth.

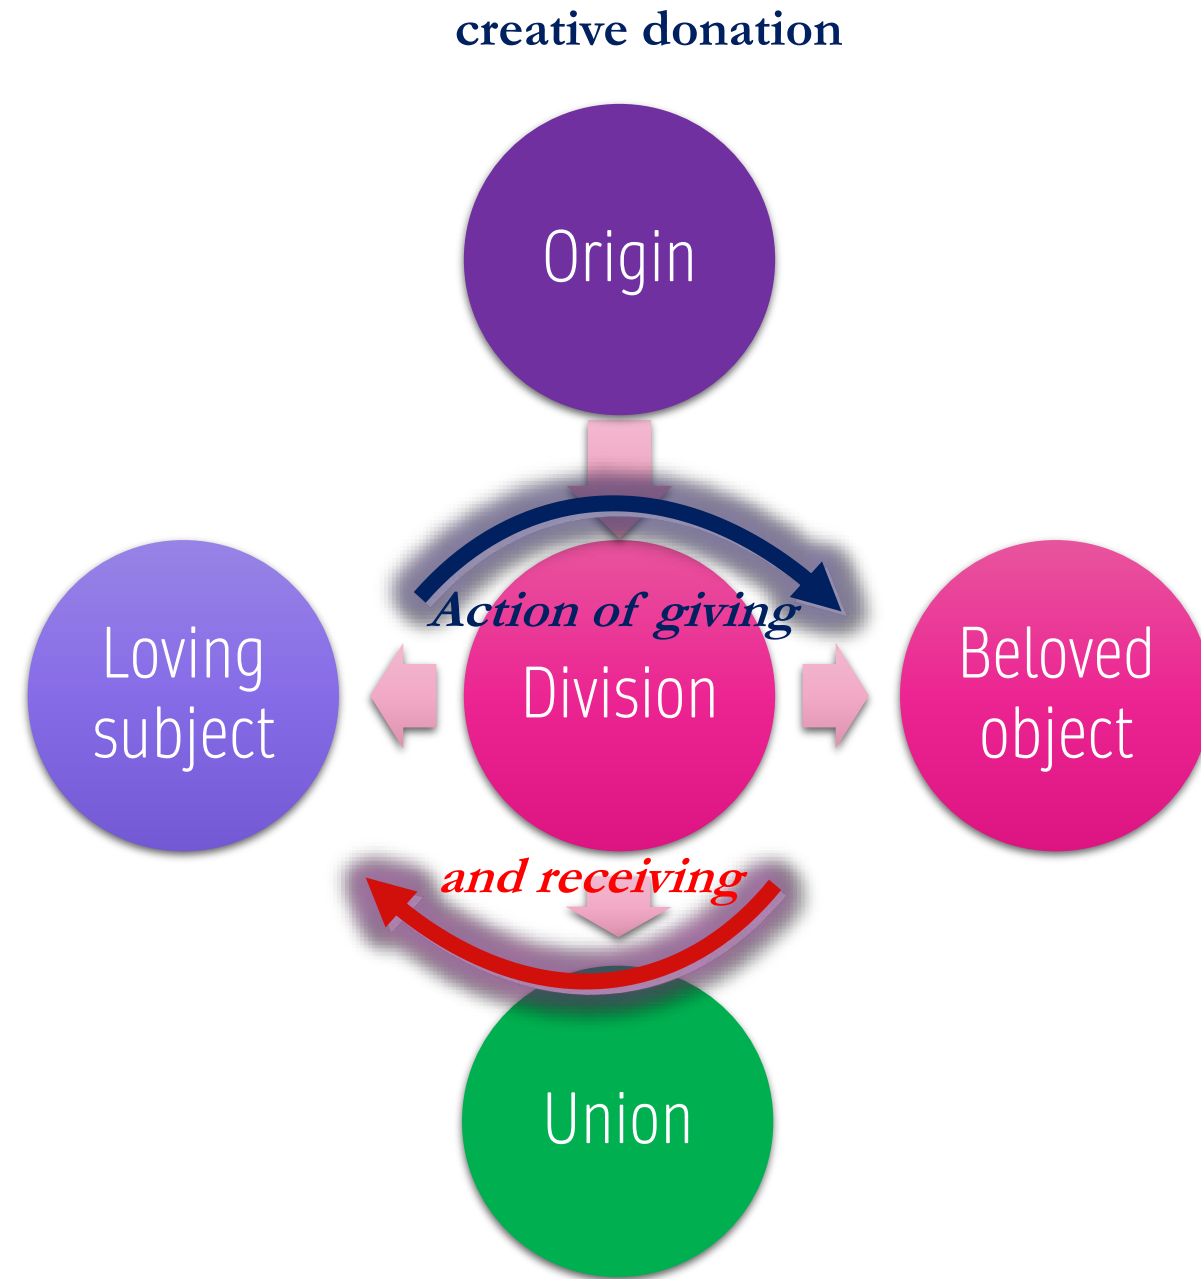

exclusive

The wife does not have authority over her own body but yields it to her husband. In the same way, the husband does not have authority over his own body but yields it to his wife.

1 Co 7:14

The body, which expresses femininity “for” masculinity and, vice versa, masculinity “for” femininity, manifests the reciprocity and the communion of persons. It expresses it through gift as the fundamental characteristic of personal existence. This is *the body: a witness* to creation as a fundamental gift, and therefore a witness *to Love as the source from which this same giving springs*. Masculinity-femininity—namely, sex—is the original sign of a creative donation and at the same time the sign of a gift that man, male-female, becomes aware of as a gift lived so to speak in an original way. This is the meaning with which sex enters into the theology of the body. —John Paul II

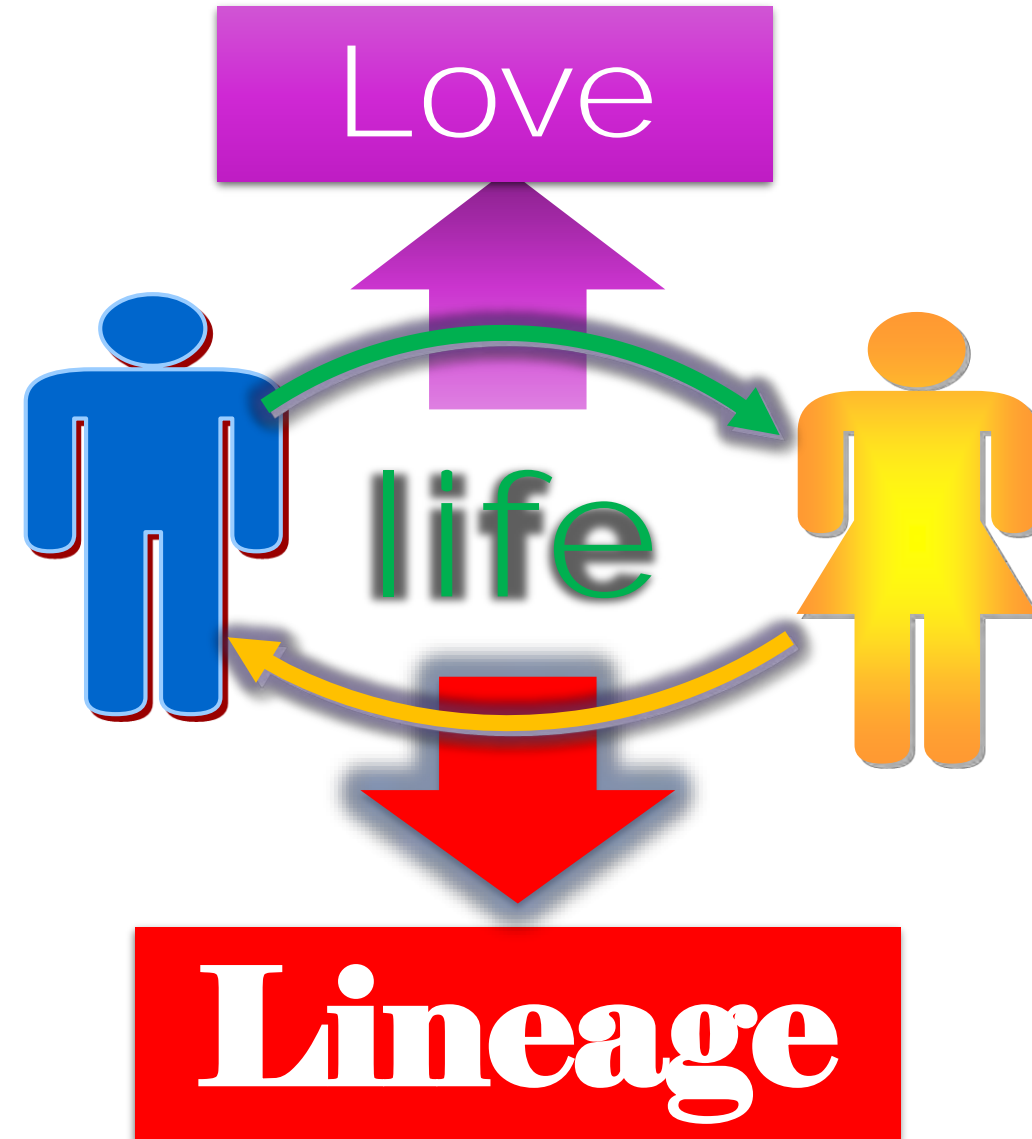

1.4 THE PALACE OF LOVE, LIFE, LINEAGE

The sexual organ is more important than the head. The source of true love is not in the head. It is in the sexual organ that this origin is located. Everything is in the sexual organ. **This place is truly the original palace of love.**

There too lies **the root of life.**

The same goes for lineage. It is the most precious place in the human body, but also in human history. Without it, the reproduction of humanity is impossible.

生植器

生殖器

In *Saengsikgi* (sexual organs) saeng (生) which means life, can be used either with sik (食) meaning food or rice, or with sik (植) meaning "to sow" or "to plant".

These organs are therefore the bowls where life is sown. We can also use the character sik (殖) meaning "to reproduce, to engender". The sexual organ *Saengsikgi* (生植器) can be called *saengsikgi* (生殖器). It is a bowl where life is sown.

Part Two:

**Absolute Sexual Ethics
& Human Responsibility**

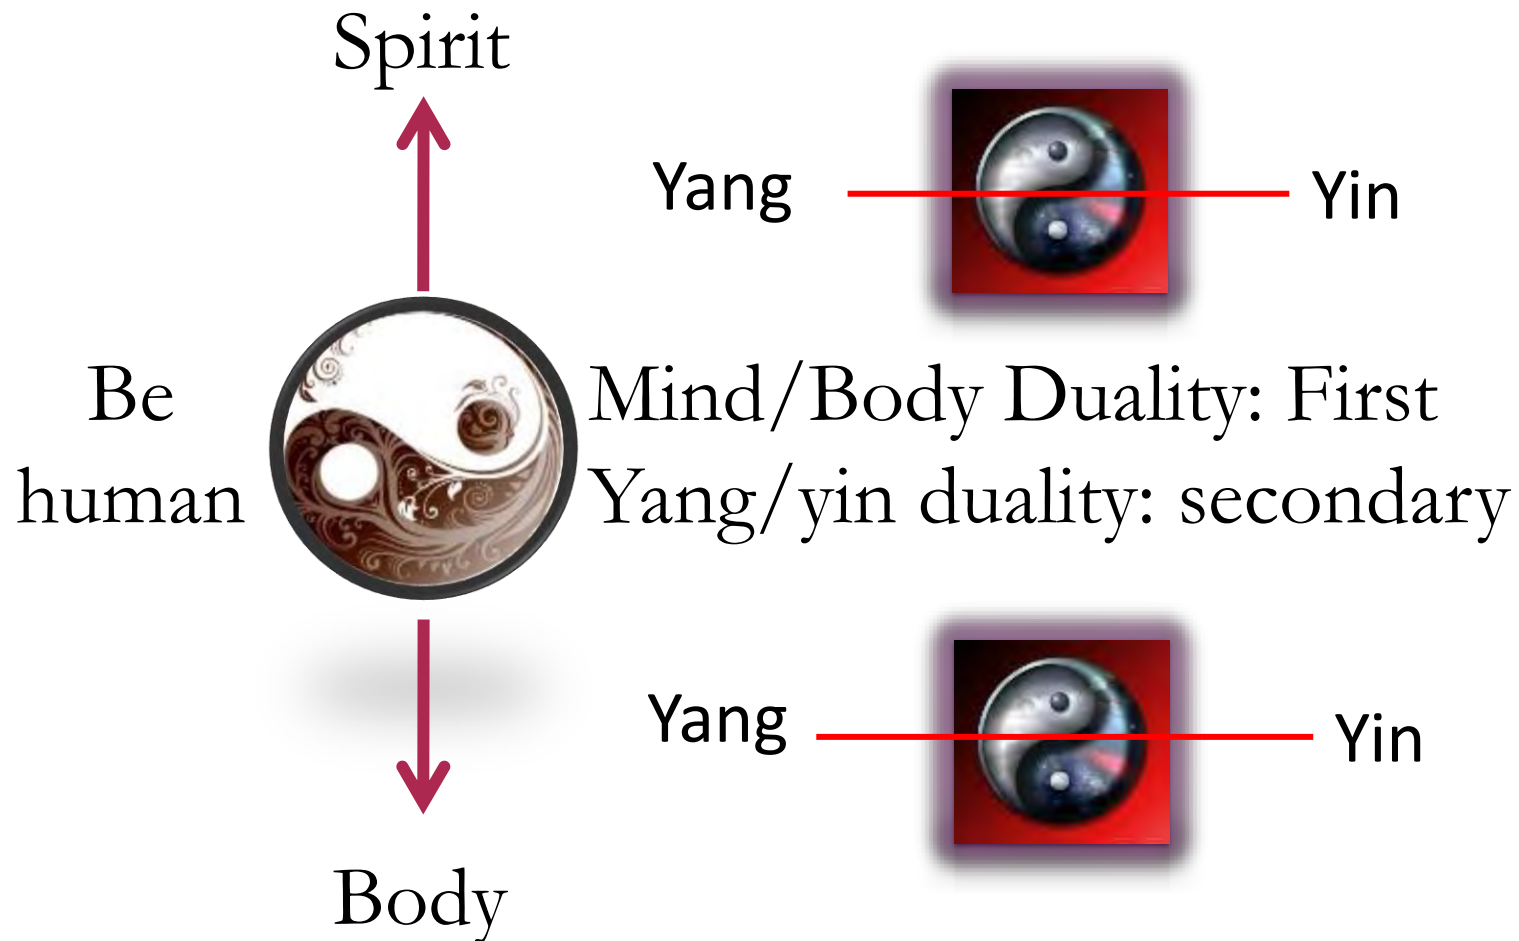

2.1 FREEDOM AND SEXUALITY: THE ESSENCE OF HUMAN NATURE

All relationships in the natural world are for the purpose of **reproduction only**.

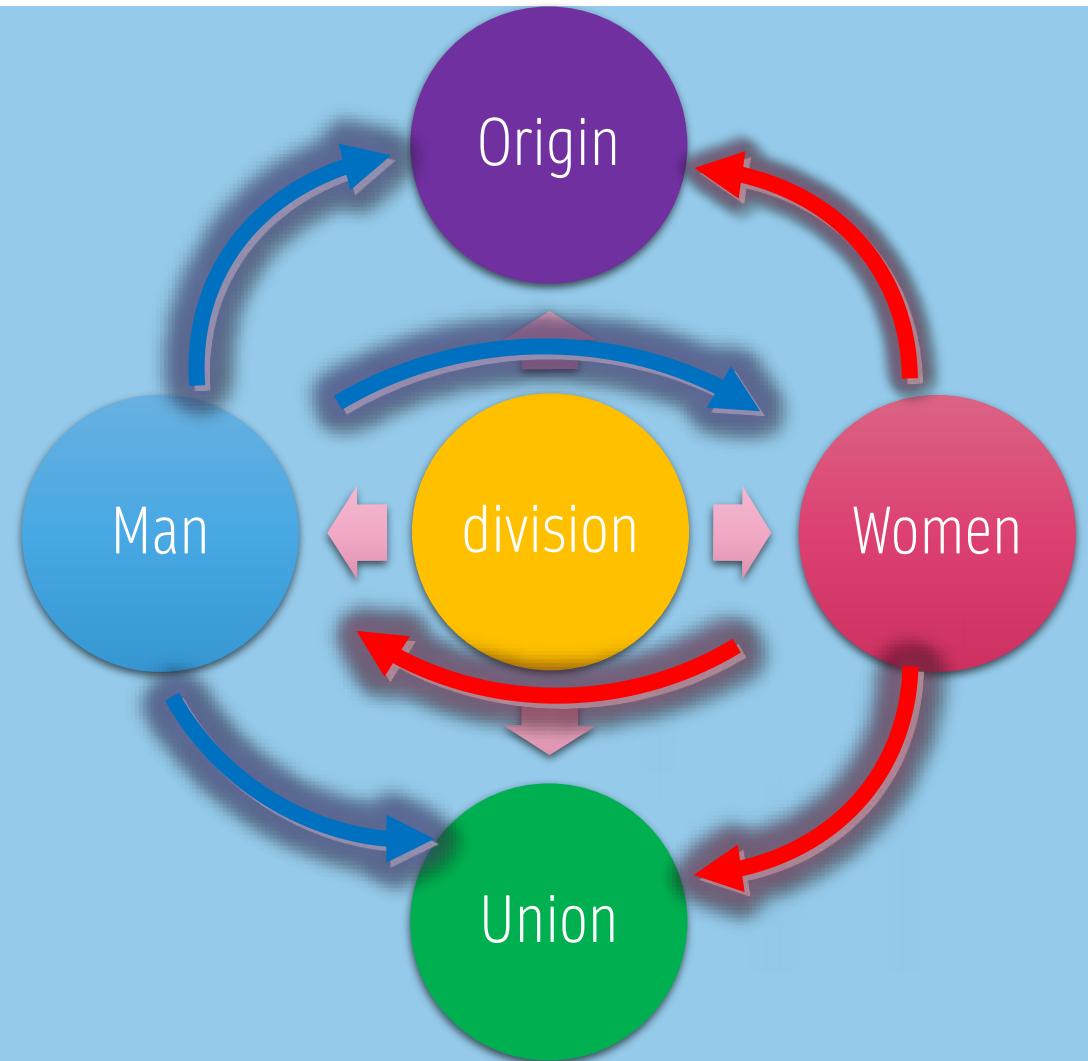

Human beings are an exception. They have freedom in sexual relations.

MIND & BODY YANG & YIN

*"What specifies a woman as a human being far outweighs what specifies her as a female."
(Suzanne Lilar)*

2.2 MARITAL FREEDOM OF THE HUMAN BEING: A TRIPLE RESPONSIBILITY

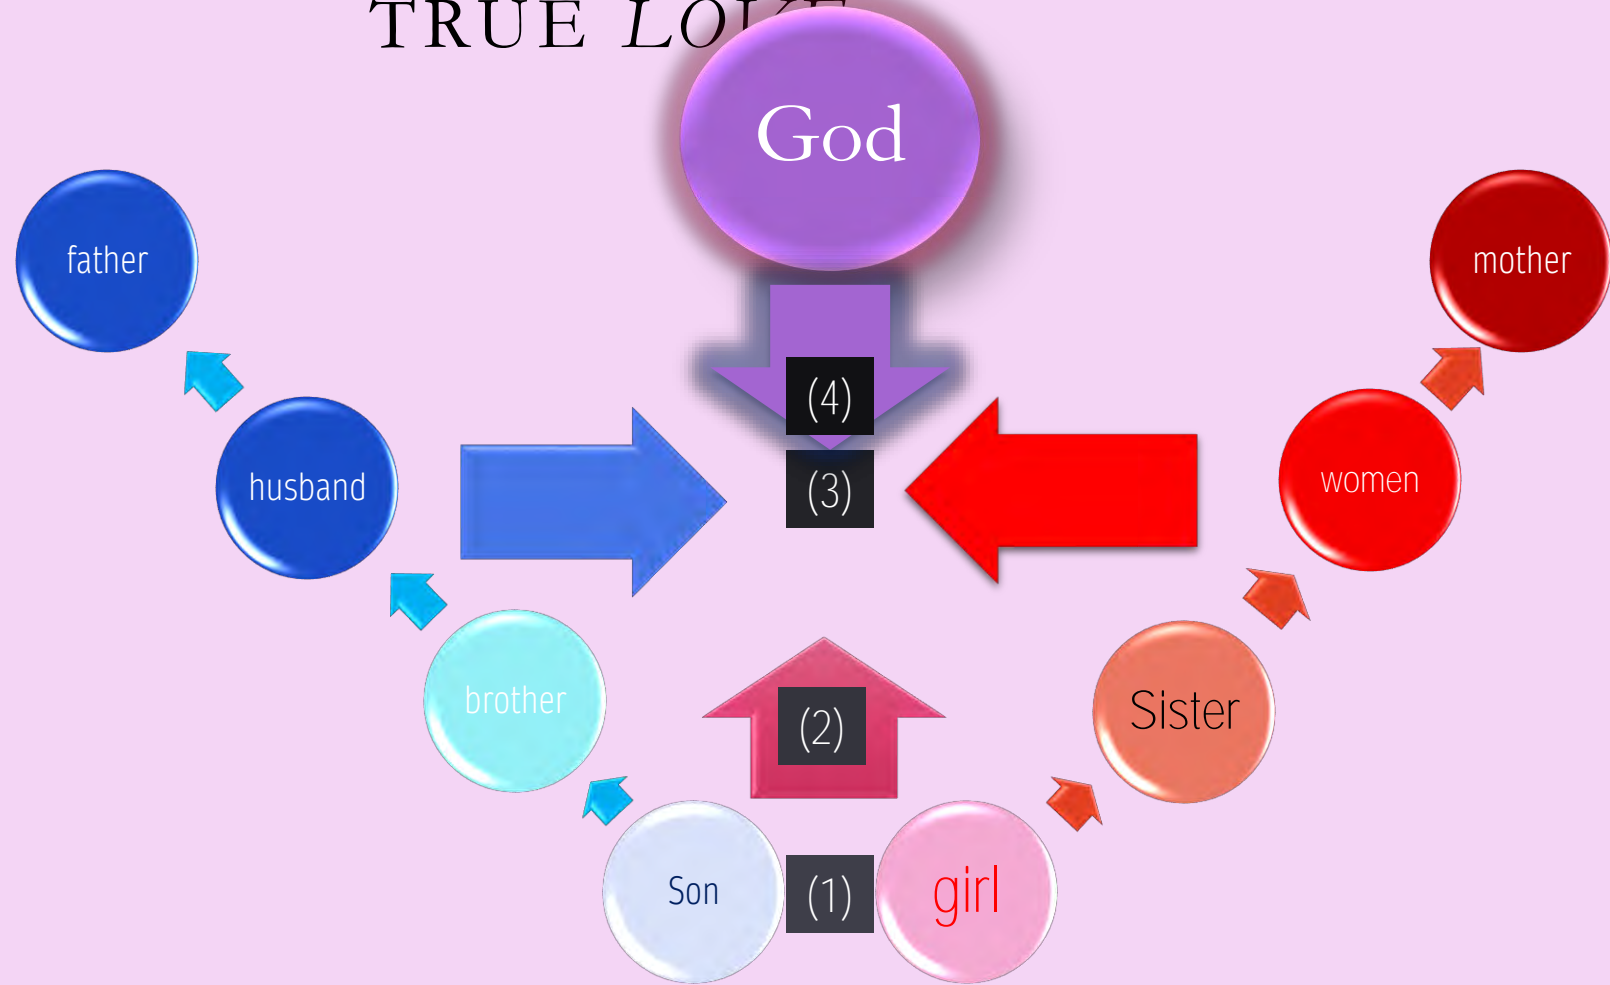

1. Before God and one's conscience

2. Before one's eternal spouse

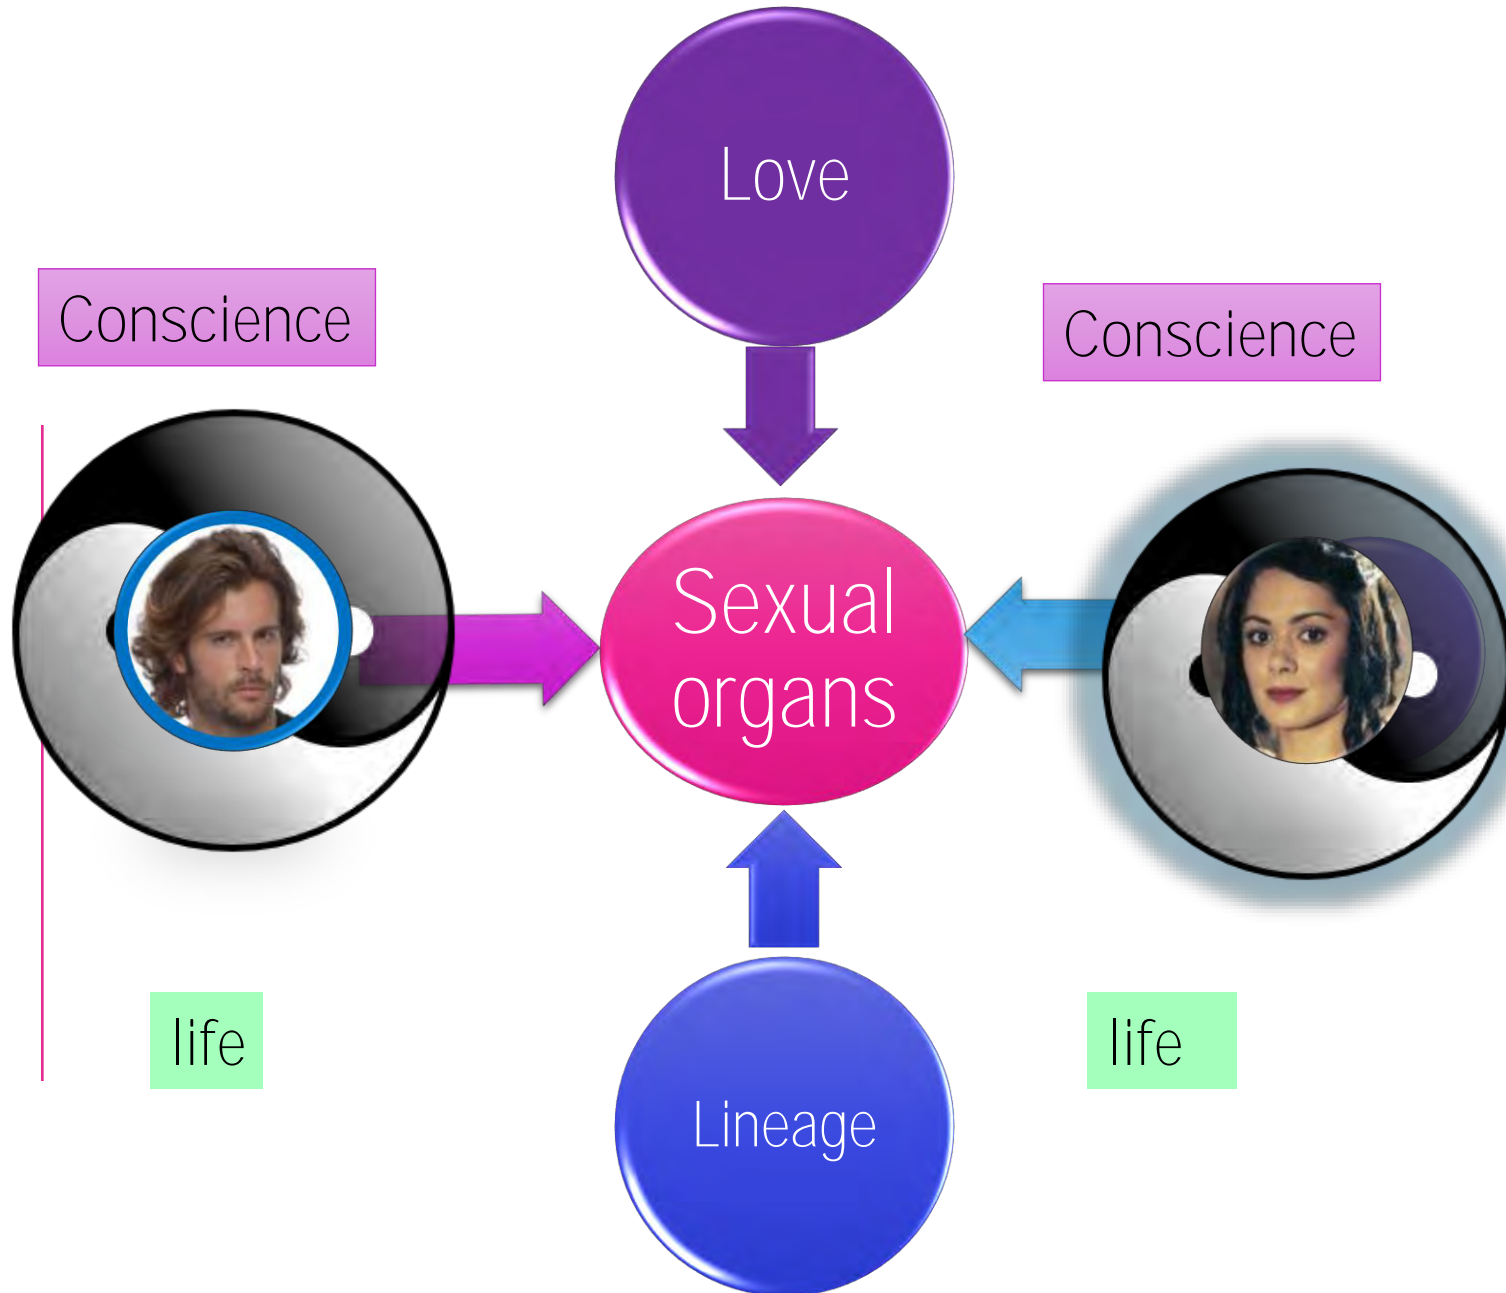

3. Before the children born of love

2.3 MARITAL FREEDOM IS ACQUIRED IN THE FAMILY OF TRUE LOVE

when a person, born from that center, grows up experiencing the love of a child, the love between brothers and sisters, and conjugal love, that person's mature body represents the earth, and that person's mature mind centers on God. At this ultimate point, mind and body become one vertically and horizontally, thereby establishing a base for happiness. God, the Absolute Being, will rejoice only in that place, with absolute love at the center. In that place, husband and wife, who are love partners, will rejoice as well.

2.4 THE PALACE OF LOVE, LIFE, LINEAGE, CONSCIENCE

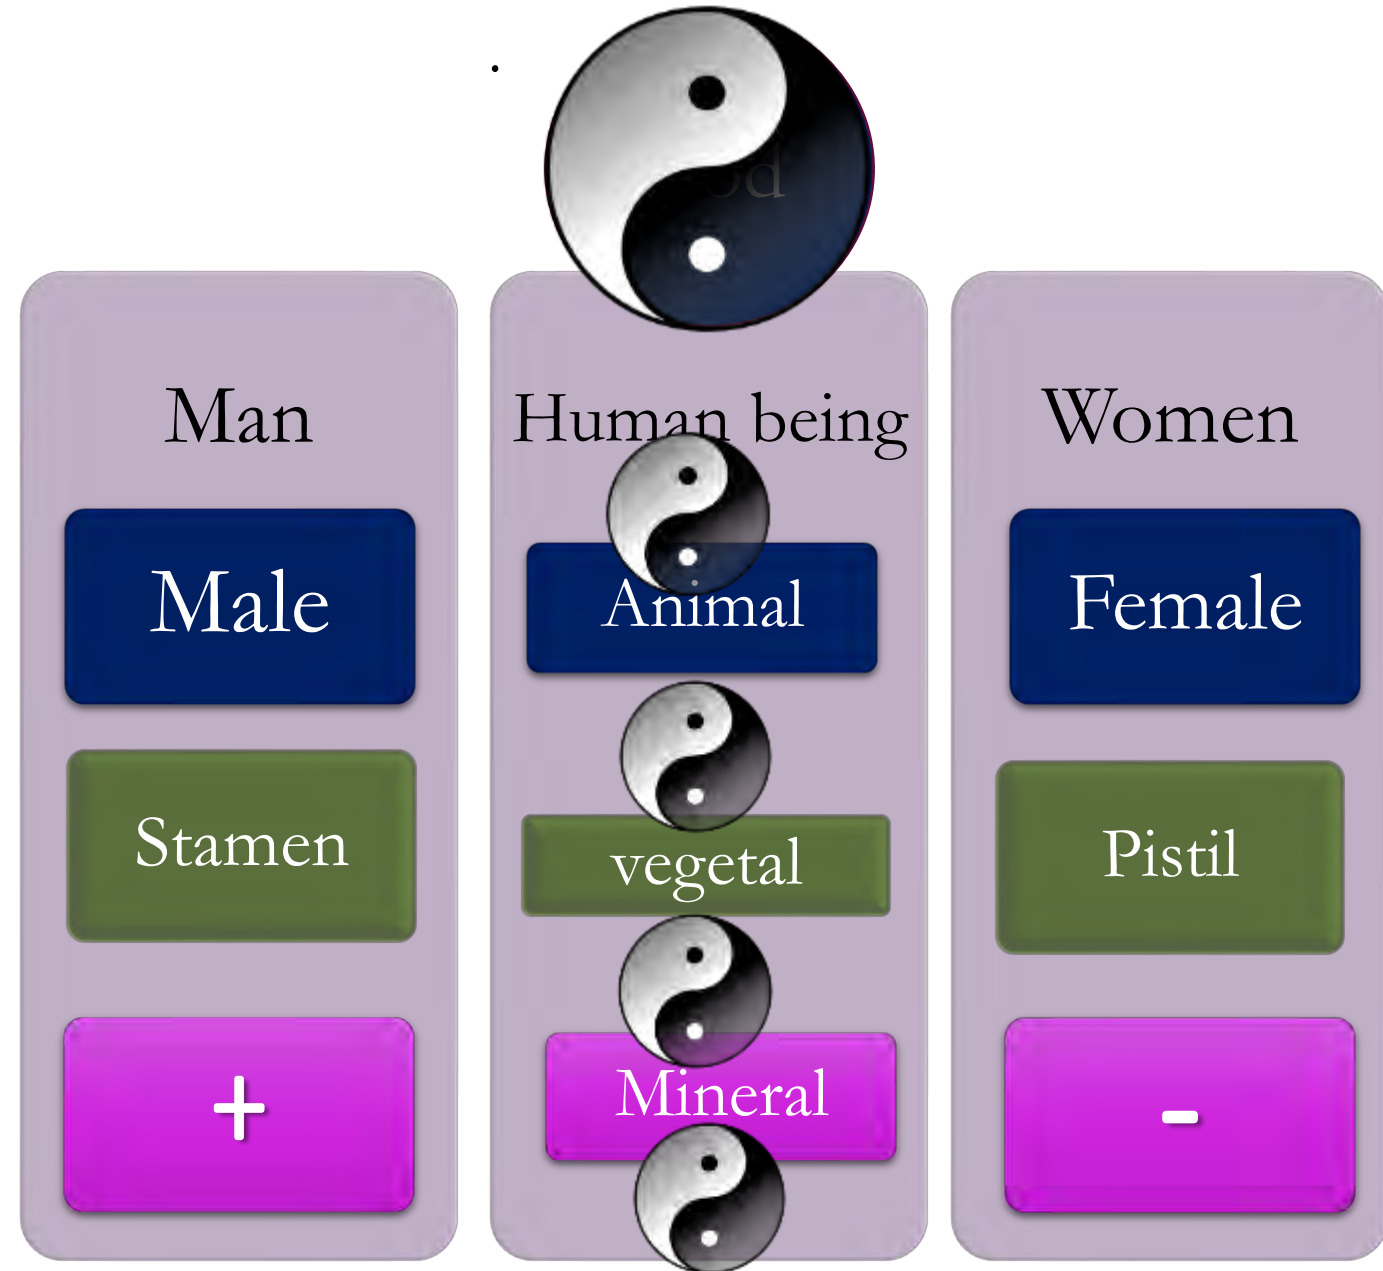

The formation of conscience requires, as a starting point, an enlightenment about the plan of love that God has for each person and about the positive and liberating value of the moral law. Present in the heart of the person, the moral conscience, which is the most secret center of man, his "sanctuary", enjoins him, at the appropriate moment, to accomplish good and avoid evil. (CPF)

Part Three:

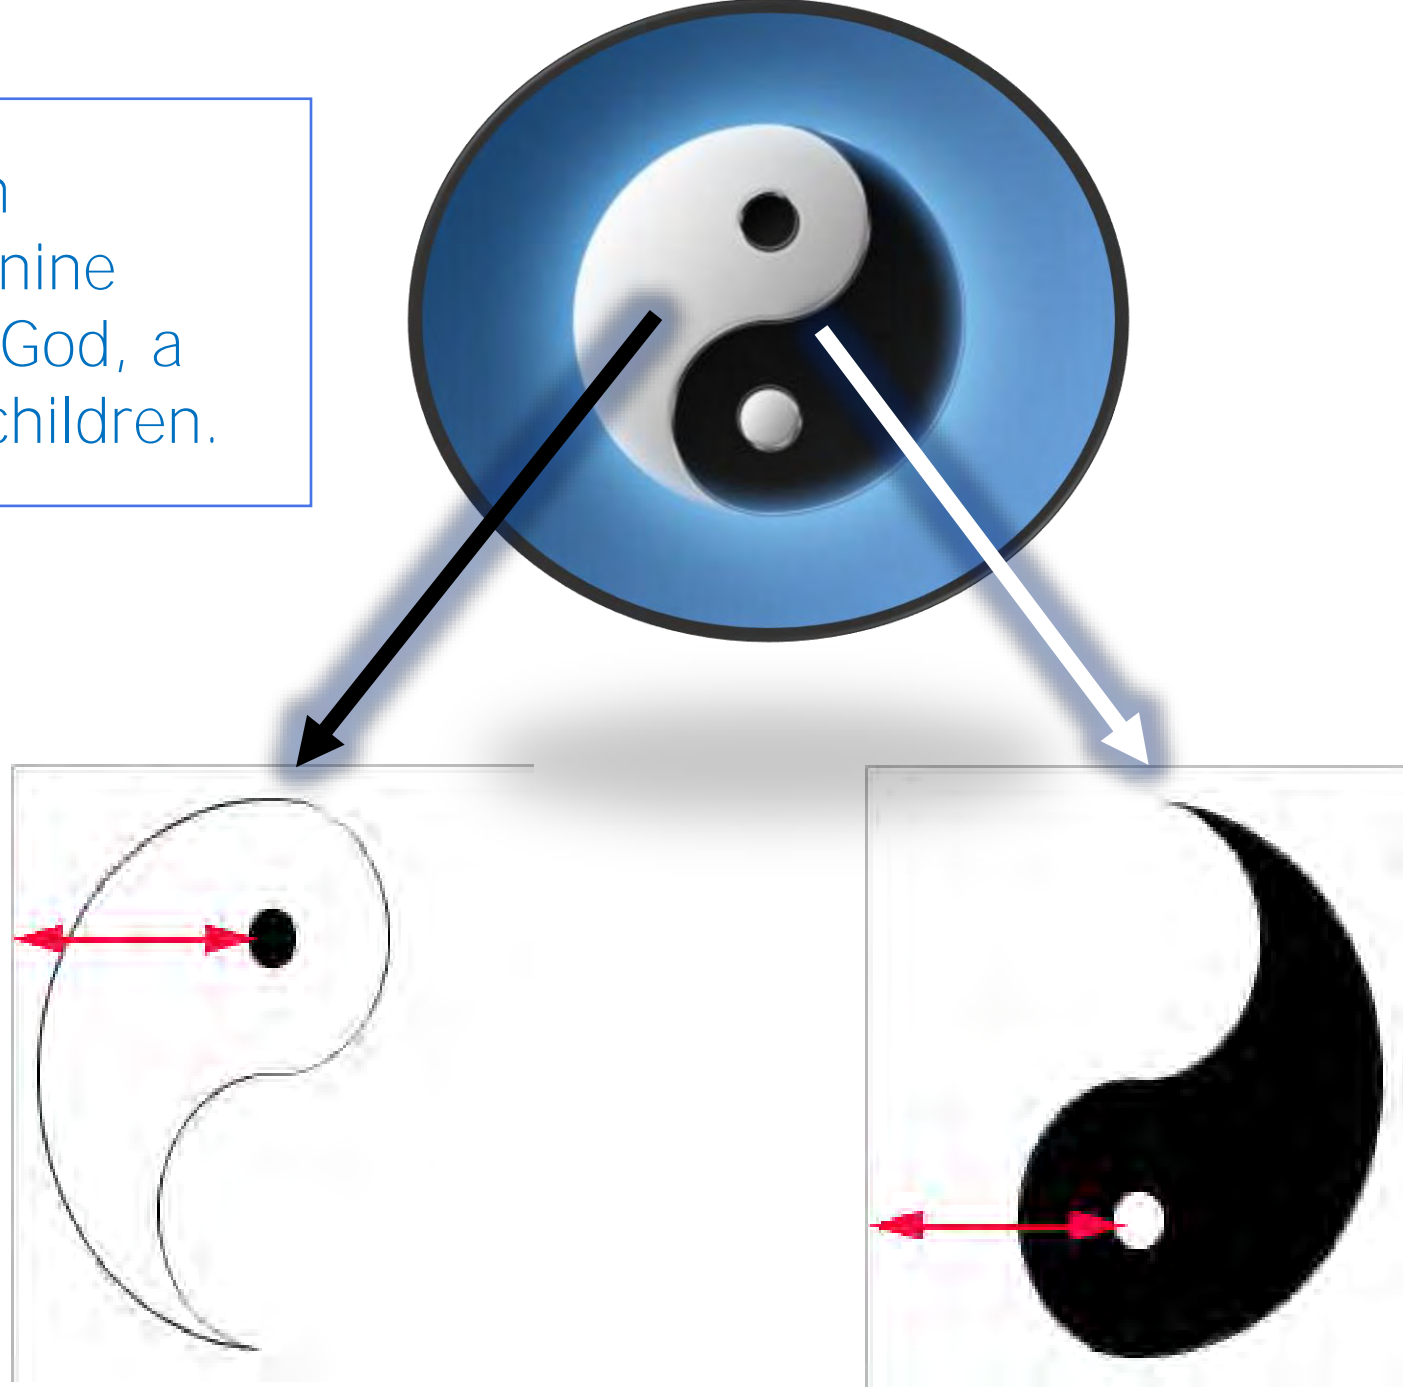

**Absolute Sexual Ethics
for God and for our Joy**

3.1 *The Absolute Being comprises the original Yang and Yin*

At the end of the search for the origin of the universe, we arrive at God. We see that God has the dual characteristics of yang and yin

God possesses both
masculine and feminine
characteristics. For God, a
couple is two twin children.

God created man in his own image, male and female he created them, in his own image he created them - Gen 1. 27

Heaven and Earth are the father and mother of a thousand things – Confucianism

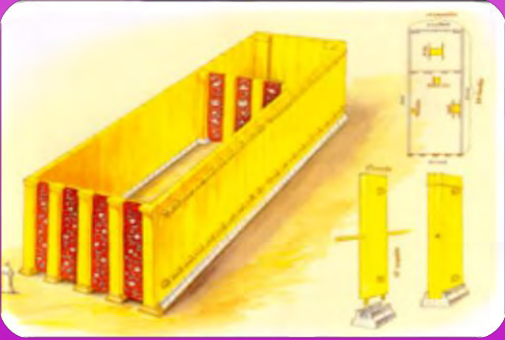

“I am the father and mother of this universe.” Bhagavad Gita 9:17

It is He who created the two elements of a couple, the male and the female, from a drop of sperm Quran 53:45-47

3.3 THE SEXUAL ORGAN: HOLY OF HOLIES

The original temple of life is the sexual organ, the original sanctuary of love is also the sexual organ. It is the palace of love, life, and lineage. The foundation of these three palaces is the sexual organ.

The saint symbolizes a person, and the Holy of Holies symbolizes the house of love

The husband holds the key to the wife's holy of holies; the wife holds the key to the husband's holy of holies.

聖

Seong - saint

聖

耳
口
王

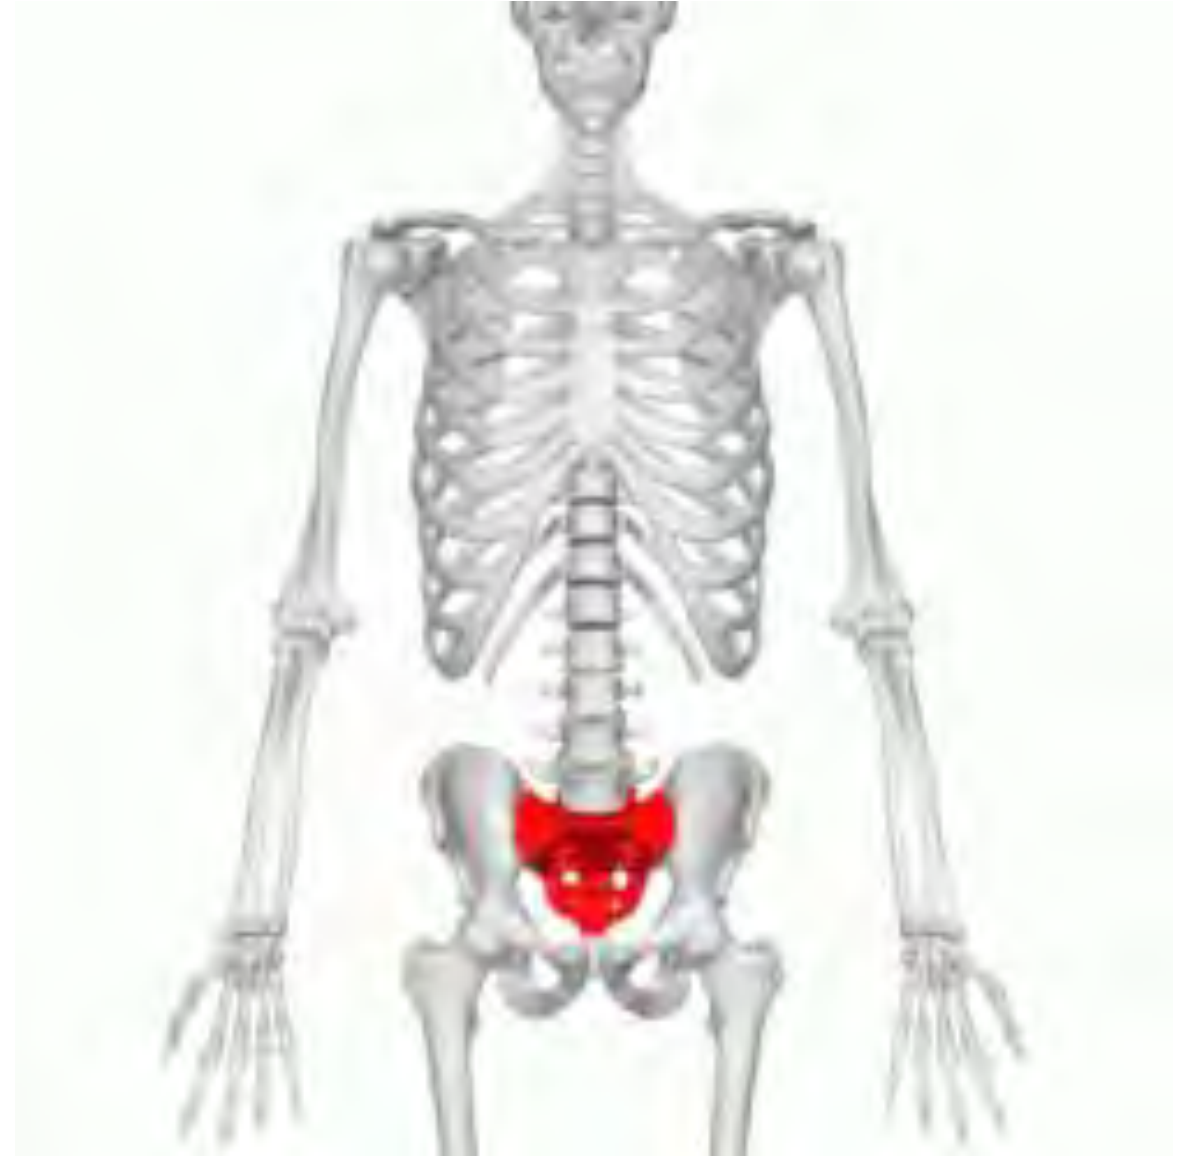

ear (耳)
mouth (口)
king (王)

Seong (聖) is pronounced like the other seong (性) which means sexual desire between man and woman.

性

Seong - Sexual Desire

THE SACRUM

The origin splits and enters separately into the two.
So we speak of the action of origin-division-union

The wedding of Adam and Eve is
God's wedding ceremony. God, as the
root of love, the root of life, the root
of lineage, and the root of
conscience, must first have a
profound experience of love.

The dual characteristics of God must
enter into the soul of Adam and into
the soul of Eve.

MEANING OF SEXUAL ORGANS

Female organ:
the property of man .

Male organ:
the property of the woman .

*"In love, the living feels the living.
What is united in the child is no
longer divided. The process is unity,
separation of opposites, reunion."
(GW Hegel)*

In this text, Hegel opposes *leben* (life) and *lieben* (love). Life divides us into separate, sexual beings. Love unites the two beings and makes them partners in God's work.

*"Love is the absolute, it is the infinite;
life is the relative and the limited."
(Victor Hugo)*
