

INAUGURATION OF THE NEW WITNESSING CENTER IN PRAGUE, CZECH REPUBLIC

November 5th, 2017

On Sunday November 5th, 2017, we held the inauguration of our new witnessing center in Prague. The young people are very inspired by its location right next to the largest university campus in the city. Through our witnessing activities we want to bring joy and comfort to our True Mother. We have been very inspired by our True Mother's initiative of "Youth and Students for Peace"! We want to invite young people to our center, for them to understand True Parents' peace activities, and give them hope by introducing them to our universal principles. Advanced lectures and seminars will continue at our HQ building.

The national leader, Mrs. Martine Masner offered the dedication prayer and cut the ribbon together with the CARP Leader and Prague Community Leader. Mrs. Veronika Costa, the Czech Youth Leader, sanctified the place with holy salt. The event was followed by nice refreshments, where everybody felt inspired by this new beginning in witnessing. Thank you, True Mother!
