William "Bill" Lay

Dear all

I had a chance to see William Lay again in Bridgeport, in August 2016 (see below), and then a few times in Korea

I heard about his ascension on August 14, and many memories came back. Well, he is more alive than ever

William is a very special voice, and unique smile, full of life. More than anything, I always felt that he is a very warm-hearted brother

During the 1980s, we worked together for CAUSA
