Having doubts about life and the universe, when I heard that people who will present the world in the future through easy fortune telling had already come to Korea, I searched for him like crazy and met his true father and mother, and received his blessings. Watching the image of a true father who I can't see on earth anymore, tears break down and show absolute faith, absolute love, absolute obedience. Once again I realize the adage that "what comes first." I believe that if many people who couldn't meet their true parents began to crush the earth and crush them, more and more people who have a revolutionary belief in awfulness and can see the spirit world well.

Today, there was only a statement against Tenshinni Setsuri Seishon. I walked the path of doing my best since 2018 to fulfill and give away the words of my mother. On the way, I was submitted to resignation due to health reasons, but I'm glad I didn't accept it. With the miracle-like favor and blessings of

Tenshinkai, the gout I had suffered for 26 years completely disappeared. Therefore, if you really keep records continuously, you will know the power of Tenshin Seishin and you will feel the taste of Tenshin. Prayer and elation taste good. How good it is. Even if you don't eat rice, you want to devote yourself to Tenshinken Seijin. You can feel the spirit element descending in the flavor. I hope you all feel this amazing blessing.

Every program that goes on in this Tenshingen, I was the first president, played the drums and praises, and led them all by myself. After that, it was divided into industries and existed today's Tenshingo. Separating each one there really are many experts. Calling "Aboji Omoni" is not easy either. When the words of "Aboji Omoni" moves your spirit, and you truly call out to it, the worries within yourself are neatly organized. A true father and mother has power.

When we believe in heaven in prayer, surprises happen. It's actually a miracle that so many people are gathered here today. Now we have to open the World Center era and tell all the people about this amazing grace of our true fathers. Satan has no idea how much he can thwart this. When I went from online via zoom to YouTube, over 3000 people, there were times when someone accused YouTube headquarters of something and couldn't use it. Thus, today, 51,000 people have reached an era of prayer with one heart. As we gradually pray the Tenshinshi prayer, we can move from faith to faith. When you fall from faith to unbelief, you become food for the wolves in the wilderness. You have to add yesterday's faith to today's faith.

Message of Mr. Tsushin

"Thank you very much to everyone who works hard to protect and provide for your mother. You

have crossed a situation of great danger, but it is true that there is still a lot to cross. Thank you all for your devoted prayers until I can return safely. Playing work in parts of the world with an indescribable feeling. Sometimes you don't see results. But Heavenly Father is with us. 13 years of heaven is the age when your father and mother directly ruled. He who sees pain and sits still. Heavenly Fathers, even if you give away their most beloved children, they will hold every child with tears. To all who walk the path of Golgotha with your mother, thank you very much. But it is also true that we still need a lot of elaboration and power and practice of true love from everyone. The heavens are not the one who can stop provisions.

Proceed until the time it is done. Since our dreams are vast, 6000 years of providence, we are steps to break the grudges of Heaven, let us encourage one another by helping each other through faith that Heaven will always work together, even when many rages come against us. Our path of victory is not division. It's not where there is envy, jealousy, complaints, and condemnation, but where there is true love. It is the way to fulfill responsibility through peace and peace. Walk like that, and before you know it, the true Father and Mother will be with you. Your devotion has reached the heavenly world. To fulfill the will of heaven, it is used by those who do not know it. In this golden age, I will give you strength to your mother on earth. ""For you mother I am forever." Don't worry I'll do it for you. I will be a true ladder to support your mother. I want to shout "" I'd love to be everyone who screams like that. Our way is still far away. Destination is in Divine Unity South Korea, Divine Unity World. 1/3 of mankind must come to know and admire Heavenly Father. Let's move forward with mother to the end. ""\

Father's instructions

"I'll be on the road without fail. Absolute good spirits work together. Just like Jesus received the cross, a mother who truly walks the hard way. But we are witnessing the truth. Heavenly Father, Noshin, Koshin, Daibama, and Absolute Good Spirit all together on the path of mother, and all the children gather in Tenshinbosai, raising their voices and commanding them to the spirit world. You must always have hope. Several billions of spirits are devoted together. THE STRONGEST WEAPON TO CAST OUT EVIL IS US, OUR GREATEST HOPE IS YOU. Shout loudly. With greater diligence, there will be greater tasks. Don't doubt. Strengthen your prayers, for the heavens are watching. You are never alone in the way your mother goes. I'm together. Be diligent and consistent as Heavenly Parents guide you. He who blocks the way flows away. Holy Mother Han, talk to your true mother. ""\

Heaven does the task if we go without desire. I won't leave you alone when your father goes to the spirit world. Start a great revolution. Gotta get ahead of it and race to create wind. Which church is at the forefront of it. We must seek out the righteous prepared by Heaven, centered on Tenshin-ni. The greater the trial the stronger our faith. During the first church, the more people carrying their crosses appeared, the more people proliferated and swallowed the Roman Empire. The more mother struggles, the more we can rise and go.

Just as the Apostle Paul had the authority of the Apostle, we must do our best in the spirit world, and cry out earnestly, so that the blind leaders of this world may awaken. That's how you must experience miracles where heaven takes charge and takes charge. Let's gather ourselves together and have a prayer meeting to see the power of heaven.
