The 1424th Tianxin Garden is sincere all night

Summary

When you build up the tower of refinity, you will definitely be able to see the answer. Today marks 200 days since the entrance ceremony, it is our sincereness to fulfill everything that your mother said in a tangible manner, so we must become a church that testifies to your word without letting a single word fall into the ground. After being detained for 39 days, more than 100 people are giving their sincere devotion in front of the detention center today, and the true family, Tenai Shoshi's family, are also working hard with them despite their busy work.

The most important thing in our life of faith is to resonate with heaven. Heavenly Father and Mother, True Father and Mother, we must live in resonance with the Absolute Good Spirit. I believe that our church will be renewed and restored if we are going to put evil gods into order through ordinary sessions, and live as ministers of good gods, prayer, praise ministers, and ministry.

Based on my impressions of this fall term's major role.

This time, it was an amazing time of emotion and great recovery that cannot be compared to this evening. All the participants were crying from the beginning to the end with their grief and sorrowful prayers for their mother. Especially with the two Tenai Shoshi, whose mother raised, I

feel confident that our community will be reborn and will develop greatly in the future.

This time, the record high of 120,000 people crossed, and it was a historic moment for the entire unification family to unite together. Great strength and courage was able to gain. It was a time.

1420 all-night elaboration was time to see a ray of bright hope in the sky covered with black clouds. Especially, the praise of Shinde-sama, Nobuoki-sama and Tenshin Praise Group was the epitome of Every word from the two of them resonated with deep sympathy. Children of the third generation participated in it, and it became a place for the best religious education and lifestyle.

Today's reading of the reading is concise and touching, ""If God had grown and completed according to His will, humanity would have been able to interact with God freely, as descendants and direct descendants of God, travel freely with the ancestors of the spirit world, and enjoy a happy life." And we have become a world of absolute goodness, even if we try to sin, we cannot. ""\

What your father said about his important role

""Do you know what the benefit of a major role is?" The end of a major job is not the end. Still connected after it's over. Preciousness is something that accumulates, not something that disappears once. Heaven was pleased to accept this major task. It was a moment of sadness in the heavens. After the major role, the spirit world progresses as one. Things that have taken so long and difficult are being resolved shortened. Heaven remembers your prayers to the end. It is the heaven that moves on until it is done. So your mother can come back. Believe in the underworld. I believe you are my mother. Believe therefore in your devotion. BELIEVE HEAVEN IS WITH US AND WILL BE MINISTERED. Fulfill your responsibilities with diligence, even when the moment of unbelievable looms. HEAVEN WILL SURELY SHOW HIS MIGHTY THEN. Such was the road we walked. Even in the ways of Satan, we have walked unchangingly, believing in heaven and looking unto the will of heaven, so we have a day of favor like this

day. Let's move forward as true people and true children of the kingdom of heaven. and even those who persecute us will return. Therefore, we blessed household, as one elect, who have become one with the true father and mother, forgive and love them. This is the path that heaven desires, the path that true parents, and the path that your heart desires. What choice do you make in parting ways of doing or not doing. If heaven pleases, you must go the path of the fortune you are given. Even though our way is a road of hardship, how can we hesitate if at the end of it we can meet the true fathers and mothers whom human history wishes for and stand for a true me, a true home, a true country? You are not in this road alone. True fathers and mothers go together, your families, brothers and sisters go together. Can we call it a lonely road of tribulation when the heavens are with us? Together we will keep going strong. "\

Don't think of the spirit world as far away, the closer you feel the more you become roleable. The underworld transcends space, so it can come into our hearts at any time and act in resonance. I believe that this major role was exactly a major role in promoting progressive development towards the unification of the subjective celestial and subjective terrestrial worlds. KCLC PASTORS ARE PLANNING TO JOIN US AS SPECIAL GUESTS IN TOMORROW'S ALL-NIGHT Religious leaders of the world, righteous people of the world, Korea also peace ambassadors must rise up.

Proof of Enigmatic Practice 1

I think my mother had a lot of hard work but she had a lot of elaboration. At one time I felt sad and difficult, but I was inspired to see my younger brother's spiritual training and devote himself without going on the extreme road, and I participated in 40 shu and 40 shu, and surpassed my mother's feelings and embodied my true mother's feelings, completely out of the wounds and filth, and decided to go to the academy.

Proof of Enigmatic Practice 2

A fine person who was a nurse but decided to go on a missionary for 3 years after consulting with her husband. As we recite in section 7 of the Family Alliance, people who are connected to their true bloodline are meant to live for their sake. It is our mission to complete the emotional culture world by making a habit of living for the sake of life. And when you realize the spirit world and one day enter the heavenly world, a way for the spirit world to welcome you. We are young people doing revolutionary things who try hard to get scratches and injuries to achieve it. That's the spirituality training group and the mosim training session.

Public officials in the kingdom of heaven must be spirituality. You must clearly plant the spirit world through the Word. I must repay with gratitude to the great Holy Mother Han, who organizes the spirit world and reverberates the spirit of grudge and transforms it into absolute good spirits. Since there is a spirit world that supports us, if we have absolute faith on earth, we will form relative standards and act as authority. It is intended that all clans of Messiah and Tenchi families will be instantly established in the 21st century spiritual age. In order to grant this bounty, it is said, "Build up a tower of seijin, and do your best." Tenshinki Seijin is the most precious gift and boon. Tenshinki Seijin is the hope that solves problems, and even from the underworld, it is the only hope for heaven. One and only hope to be born again and become the direct line of your true parents is Tenshinko. Tenshingen is the center of the government. And yet what if they ask you to go to the spirit world tomorrow without being so devoted? Even if you go to the spirit world tomorrow, give thanks today with all your heart and the gates of heaven will be opened for you. Today, if you pray with that kind of heart and resonate with the Heavenly Father, office can arise and new life can be born.
