The 1435th Tianxin Garden is sincere all night

Summary

In July of the last year, her mother was given disaster aid funds for the Kahira flood disaster disaster disaster, and she was given the name of "Holy Mother Han." Thank God that the world religious leaders were present and the representative was even met at the detention center. Pastor Barrett said he naturally thought the mother in the detention center looked sad, but he met the mother who looked peaceful and felt the holiness of the Heavenly Father. Patriarch Seri also gave a noble word that your mother's love and faith will shine even brighter in times of darkest times, that we will forgive and love as one and shine brighter in times of difficulty.

A message from a true father, "The 1440 Tenshinken special all-night seishin to be held on Friday next week, will be the day that 120 days of seishin will be dedicated to 12 times, as the chief said. Give thanks and glory to the heavens for the victory of your mother's returning to the shrine, and

drive more powerfully to Tenshin no Seisei. What if we add faith to faith, elaboration to faith, and elaboration as fortune brings us together. and His will is being accomplished. I'm happy if you feel my kind heart to stay up all night at the World Center at least once a month. A song sung by future generations, that all lives lift their voices, and who cries out without lifting their voices before this world. If you raise your voice before heaven, saying, 'I am here for your mother,' and heaven can help you say, 'You are there.'

How can the heavens serve him who does not raise his voice nor move but is still? Heaven ministers through those that move. Even in difficult circumstances, the will of heaven will be operated through children who never give up and strive. Even those who are weary, if they have the heart to rise again and take hold of the heavens, he receives his heart. If there is anything blocking you in the path of Your will, you should ask for help from them, for there are absolutely good spirits who help you in heaven. As an example, we have to proceed with a loud sense of sentiment, "What should we do, President Pusho PARK? How did your brother progress?" Now is the time for the celestial and earthly worlds to adjust their steps with Holy Mother Han. There is nothing to fear in this age when the heavens are working together. We should move forward with hope. You are the one to convey that hope. Are these not those who sit down in despair, but those who are willing to move forward? That's why I expect Tenshingen all-night seismic 1440 times in heaven. Let's run without stopping. "

We know the Bible's significance to the 144,000 flock through the resurrection theory. The meaning of the 144 numbers of the first resurrection is completed by multiplying 12 vertically and 12 horizontally. The tenth generations of Noah were completed by Abraham, and from Abraham, through the three

generations of Isaac and Jacob, and the twelve generations were counted from Noah. Horizontally, there was providence through the twelve children of Jacob, centered on the twelve branches of Moses, and the twelve disciples of Jesus, and the twelfth disciples of Jesus. The provision of the recurring Messiah, who came again to the land, is the Alpha and the Omega, when he completes the final provision, which is said to be the beginning and the end. I will complete the dream that was sought to be fulfilled through Adam and Eve by welcoming the true father and mother on earth. In this astonishing era, over 144,000 major parties are about to be completed, with 12 of the underworld and earth worlds. The underworld is expected. 1440th Tenshingen all-nighter seismic we must gather together.

Today Pastor Barrett spoke only out of Matthew chapter 17, when Jesus went up a high mountain with his disciples, he said, "This is my beloved Son, whom I am well-wisher. I heard a voice of heaven saying, "Listen to this." Heavenly Parents who are alive will hear the voice of heaven in the golden age of providence when the final provision is completed. The voice can be heard by the resonance of the waves of feelings. Transcends time and can resonate with those who have lived in the past. Those who resonate with true love can hear not only the voice of heaven but also the voice of the true father and mother Jesus. Family Alliance Section 5 is the only saying that 'Every day, the subjective heavenly world and the subject earthly world will promote progressive development towards the unification of true love, as the master of heaven.' If all those who devote themselves to the heavenly world realizes the subjective heavenly world and prays, the unity of individual mind and body, the unification of family, the unity between clans and peoples, and a single family of humanity under the Heavenly Father and Mother will be achieved on this land. Only the words of Revelation shall be fulfilled, the Alpha and Omega, the beginning and the end, the first and the last. Today evening, I pray with such faith and pray, I pray, and feel the living Heavenly Father.
