Summary

462 people from Japan participated in the 4th Japanese Spiritual 3-day Shu. The total number of students from the first to the fourth class became 1943. This number is the year of your mother's birth. Trusting Japan for amazing bounties.

Proof of 40 monks : Pure Water Assembly, Spirituality Training, Mosim Training and participated, and brought down the roots of faith deep from a position where they felt their father and mother far away, and had a great spiritually reborn experience. The opinion text reads: "All environments were sent down by Heavenly Parents for me, a plan and training to make strong. "I thank God for the past was a necessary process for me." I looked back on my training period. I believe that all of my affairs are being made underway in providence, and I hope that all of you will accomplish with Heavenly Father.

Testimony of Spirituality Academy Students: For 4 months, I have been part of the owl team (the team

that prays) and devoted my devotion day and night, and experienced hearing the voice of the Father. When your father said as loud as lightning, "Pray for your mother!" I'm surprised when they say. This is not a word spoken to him alone, but to all of you. And he said, "Whoever on earth is proceeding the providence? Mother is at the center of providence. A wounded child needs a mother. You need to hold your mother with her love. When you want to save as many as you can, but the mother wants to do as much as you can for the sake of the children and the Heavenly Father, but the children have to make sure that the mother is able to do that. "and told.

After that, father sent me a second message. "What are people here crying for?" I can't help but cry when I see you feel the pain and sadness of the world together, not just for your own pain. I'd be happy if the world knew your kind hearts and good spirits. "After receiving this message, I realized that father was with mother, and father's thoughts became mother's thoughts, and mother's thoughts became father's thoughts. Her mother, who devoted herself to the imperial tomb at Hongo-no-sho, where her father was, said, 'My father's thoughts became my thoughts, and my thoughts became my father's thoughts,' and at the same time, she also said, 'I devoted my sincere efforts to allow my father to play a role for people like blind people.' Tenshinsai Seishin is spiritual mausoleum Seishin.

While doing all my sincerity in Tenshin-tei, your father's office, if you get into a position where your mother's thoughts become my thoughts, your mother's ideas become my thoughts, and my thoughts become my mother's thoughts, then your mother will become one of the needles to be looked for. I hope that today's message will inspire everyone to take roots down in their faith. The message of Heaven is still coming down today. I wish it was time for you all to get that message.
