Good morning to you

I hope you're doing well

The 1475th Tianxin Garden is honest all night

Summary

Words only for 12/11/2023

"Why Tenshinki prayer is important?" The environmental area we need to spread for our Heavenly Father is for the true Father in the Spirit World to be able to move. That is the wish of true father and the wish of mankind. In Tenshingai, tell your father,

"I think I'll visit you at this place today. Spare your father with me. "Show me your heavenly authority." We must pray with sincere prayers so that Father can go. If we would have stayed in prayer and prayed harder so that Father could go out and serve, there would not have been a trial

today. We must repent for our insufficiency. "\

Father's message that descended on the spirituality practitioners tonight

"It was time. It's time to rush away. Time to cry more to scold my omma. Go ahead with more life. Don't be idle. Don't be crying about how long omma has been in jail. The longer it goes, the more it heats up. The time has come, time for the truth to come out. Hold fast to the faith that the spirit world is mobilized. Think that 100 absolute good spirits are attending together through the prayer of name. Keep pushing to the end. Is it okay to sit back and give up just because it's gotten longer. You have to keep going hotter so that your sparks burn more. I hope you stand up, hold your head together, and keep pushing until the end even though it's hard. "\

When your mother is going through hardships, the number of people in Tenshinkai Seishin should not be decreased. And if it increases, heaven will play and show wonders.

Message of Mr. Tsushin

"Why can't we pray harder? Your integrity could mobilize the spirit world. Either the throat is the problem or the body is. If I can welcome my mother even if I can't speak my voice, I'll shout with gratitude for my throat being dripped. You must not quit, you must not stop, you must not stay cold. Your mother will surely come home. Until then, you all have to keep your heads together and drive along. I need to cry and cry for my mother back. I need to keep going. It shall not fall apart. Go ahead to the end. Mother will be here soon. Therefore cry out in hope, and raise your voice. We are with you. So cry out with burning fire and do your part. Even if you're going to the

spirit world tomorrow, cry with all your heart that you'll think it's okay because you've done your best for your mother. "\

Message from the Grand Mother

"Let's talk to your mother." Life of faith is putting yourself down. LETTING ME DOWN DOESN'T MEAN I DON'T HAVE ME, IT MEANS I LET MY DESIRES OFF WITH NO LIMITS AND MOVE ON. Why we can't live talking. Think of how you cried out for your mother. What are you responsible for? It is to hold firmly to your mother. What it means to speak firmly. Go find it. Hold fast to your mother on earth without remorse. I'm sorry I'm so late. But now, please proceed with the feeling that you will treat your mother more carefully than you do. Feel that your Father is in charge every day.

Feel the love of Heavenly Father, feel the servants of the spirit world, believe. Give thanks to heaven, that as a young child searches for his mother, so shall you weep and seek him. Father, please play the role of promotion, promotion, grandmother. And be careful. We are always your service. Always be with you. So go ahead and wail some more. You all have to know how much I've been crying tears in the underworld.

When the underworld and earthly world cry out together, the truth will come out and your mother will return. So speak up more, give your all, surrender everything and cry. You are my son and daughter. Why can't you have a child what your father and mother did. You guys can do it. I hope it will be you who trusts heaven and push forward. "\

This is the time for true parents, Koshin, Grand Mother, and all of your ancestors to lift up their voices and pray together. If you think that 100 absolute good spirits are crying out through your mouths, and if you pray diligently and give your all, you will have a surprising spiritual experience tonight, and there will be people who will bear testimony. Pray with absolute faith, absolute love, absolute obedience, and pray for wondrous ministries to move the throne of heaven.
